## PART 3290—TEXTILE, CLOTHING AND LEATHER

[General Conservation Order M-310, as Amended May 25, 1944]

## HIDES, SKINS AND LEATHER

The fulfillment of requirements for the defense of the United States has created shortages in hides, skins and leather for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3290.196 *General Conservation Order M-310*—(a) *General definitions.* (1) "Tanner" means a person in the business of tanning, dressing, or similarly processing hides or skins, who in any calendar month after April 1, 1940, processed or processes more than 100 hides or skins.

(2) "Contractor" or "converter" means a person in the business of causing hides or skins to be tanned or dressed for his account in any tannery not owned or controlled by him.

(3) "Collector" means a person, including a dealer or importer, engaged in the business of acquiring from others untanned hides or skins for resale, or removing hides or skins from animals not slaughtered by him.

(4) "Producer" means a person in the business of slaughtering animals.

(5) "Military order" means an order for hides, skins or leather for delivery against a specific contract placed by any of the following, or for incorporation in any product to be delivered against such a contract:

The Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration, or any foreign government pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act) or any extension or renewal thereof: *Provided*, That orders for U. S. Army or Marine Corps Post Exchanges or for U. S. Navy Ship's Service Departments shall not be deemed military orders within the terms of this definition, except orders by the U. S. Navy Ship's Service Departments and War Shipping Administration Training Organization Ship's Service Department for cut sole leather for repair purposes which are endorsed as provided in Priorities Regulation No. 17.

(6) "Military specifications" or "military quality" means, except as herein otherwise specifically provided, the specifications applicable to military orders or the quality of material meeting such specifications.

(7) "Sole leather" means vegetable tanned sole leather unless otherwise specified.

(8) "Scrap leather" means small leather pieces which are unavoidably produced from processing or cutting operations, but in no case shall include bellies or shoulders.

(9) All trade terms shall have their usual trade significance unless otherwise specified.

(b) *Provisions applying to all hides, skins and leather.* (1) No person shall process any hides, skins or leather contrary to any specific direction issued

from time to time by the War Production Board relating to the processing or production of specific types of leather to meet military or designated civilian requirements.

(2) No producer, collector, tanner, contractor, converter or cutter shall sell, deliver, accept delivery of, cut, use or incorporate in any product any hides skins or leather contrary to any specific direction issued from time to time by the War Production Board deemed necessary in order to fill military or designated civilian requirements.

(3) No person shall commercially incorporate any leather or rawhide into any product except as permitted by Schedule A at the end of this order, and no person shall sell any leather or rawhide unless the same is to be incorporated into a product permitted by Schedule A. This restriction shall not, however, apply to products manufactured:

(i) To fill military orders;

(ii) From vegetable tanned cattlehide flesh splits under 3½ ounces;

(iii) From scrap leather, *Provided*, That any tanner selling any such scrap leather shall report his sales on his monthly form prescribed in paragraph (k).

(iv) Under specific authorization in writing by the War Production Board. Pursuant to this paragraph, the War Production Board may authorize the sale and use of rejected leather, or leather which can be made available consistently with programmed requirements, for essential uses not permitted by Schedule A.

Any person may request such authorization by letter on his own behalf or on behalf of his customers, stating the proposed uses of the leather and the quantity, quality, weight and type involved, and in the case of rejected leather, facts substantiating its qualification as such.

"Rejected leather" as used in this paragraph means any leather made to fill a military order or for production of items listed on Schedule A which (i) is so defective that it will be refused if tendered, (ii) the purchaser has refused, or (iii) the purchaser has notified the seller will be refused because of defects. The term also is used to include seconds or over-runs. A "second" is leather made to fill a military order or for production of items listed on Schedule A but not actually offered or tendered to the purchaser because of defects. An "over-run" is leather made to fill a military order or for production of items listed on Schedule A but not delivered because in excess of the quantity actually required to fill the order.

No manufacturer, tanner, contractor or converter shall process or order any leather which he knows will be rejected. This paragraph does not prohibit the production of seconds or over-runs, to the extent that they are unavoidable in the manufacturer's or tanner's operations.

(v) From leather not used for the purpose for which it was produced because of failure to deliver on time or termination of procurement by the United States Government or any of its agencies for which the production was ordered, when the sale or use of such leather is authorized in writing by the War Production Board. Any person may request such authorization on his own behalf or on behalf of his customers, stating the proposed use of the leather, the quantity, quality, weight, and type involved, and explaining why it cannot be used for the purpose for which it was intended.

This paragraph (b) (3) shall supersede any provision in Priorities Regulation Number 13 pertaining to sales of leather of the type covered by this paragraph.

(4) Notwithstanding the provisions of any priorities or other regulations of the War Production Board, no preference rating shall be applied or extended for the delivery of hides, skins or leather, except:

(i) Leather for military orders; or

(ii) When specifically authorized in writing by the War Production Board pursuant to this subparagraph (b) (4) (ii).

(5) In making sales or deliveries of hides, skins or leather, including sole leather cut stock, no person shall make discriminatory cuts in quality or quantity between customers who meet such person's established prices, terms and credit requirements, or between customers and his own consumption of said materials.

(c) *Untanned cattlehides, calfskins and kips*—(1) *Definition.* "Cattlehide" "calfskin" and "kip" mean the hide or skin of a bull, steer, cow or buffalo, foreign or domestic (excluding slunks).

(2) No tanner shall put into process, and no contractor shall cause to be put into process, any cattlehide, calfskin or kip in excess of such amounts for specified periods as may be fixed by the War Production Board from time to time.

(3) No person shall sell, deliver, purchase or accept delivery of any untanned cattlehide, calfskin or kip, or portion thereof, other than splits and glue stock, except to the extent that the purchaser is specifically authorized by the War Production Board on Form WPB-1323 or Form WPB-3507. Applications may be made on Form WPB-1325 (formerly PD-569) for the purchase of domestic cattlehides, and on Form WPB-1322 (formerly PD-569-a) for the purchase of domestic calfskins and kips: *Provided*, That the following may be made without such authorization:

(i) Transactions between collectors and between producers and collectors for purposes of resale;

(ii) The sale and delivery to and the purchase and acceptance of delivery by any person other than a tanner of less than 100 hides or skins in any calendar month.

(4) In acting under paragraph (c) (3), it will be the policy of the War Production Board, so far as is practicable, to grant authorizations so that:

(i) The contractor or tanner may obtain cattleshides, calfskins, or kips in the proportions that the wettings in 1942 of the contractor or tanner, respectively, of cattleshides, calfskins, or kips, computed separately, bore to all wettings thereof in that year by all contractors and tanners producing the same type of leather, except that authorizations to tanners or contractors having more than a practicable minimum working inventory may be reduced or omitted; and

(ii) The contractor shall contract with the same tanners as in 1942 and shall divide his contracts between them in the same proportions as in 1942.

(5) No producer or collector shall cut off bellies or shoulders of untanned cattleshides, except for a purchaser specifically authorized in writing by the War Production Board to purchase hides with portions cut off.

(ii) Rough belting butts or butt bends shall be curried and thereafter used only for transmission belts, hydraulic, packing, mechanical and textile leathers, or fillet leather: *Provided*, That this restriction shall not apply to straightenings cut from the portion of the belting butt or butt bend beginning at the edge from which the belly was removed, if the straightening is less than two inches in width at the widest point;

(iii) Rough shoulders cut from sole leather hides if not finished for sole leather, and rough shoulders cut from any belting butts, shall be curried and

used only for wetting, hydraulic, packing, mechanical and textile leathers, except that double rough shoulders 11 iron and up may be curried and used for round belting.

The War Production Board may on written application authorize the substitution of any of the types of leather mentioned in subparagraphs (i) (ii) and (iii) of this paragraph (d) (4) for any of the end uses therein specified, and when consistent with meeting requirements for approved programs, the War Production Board may authorize the finishing and use of any of these types of leather for any products listed on Schedule A.

(5) Vegetable tanned sole leather shall be processed so as to meet the requirements of Federal Specification KK-L-261B, including any emergency alternate specifications or amendments thereto.

(7) Shoulders cut from cattleshides processed for sole leather (excluding stags and bulls) shall be cut in a line running perpendicular to line of backbone at a point within the limits of the break in the foreflank.

(8) No tanner, currier, finisher, jobber or dealer shall accept any order for cattlehide leather in the form of harness, skirting, collar, latigo, lace, rigging, rawhide, bag, case, strap or upholstery leather, rated or otherwise, or transfer any such leather to his own fabricating plant, unless such order or the request for such transfer states the specific end use of such leather.

(9) No tanner shall process any cattlehide to make grain garment leather.

(10) [Deleted Jan. 24, 1944.]

(11) [Deleted Jan. 24, 1944.]

(e) Sole leather and sole leather cut stock—(1) Definitions. (i) "Military quality outsole" means a bend sole of good fiber of a grade not lower than No. 1 scratch grade, and of a substance  $8\frac{1}{2}$  iron to 11 iron, inclusive.

Upon written application, however, the War Production Board may authorize the cutting and use of sole leather and sole leather cut stock to meet military orders or orders for products on Schedule A, but not mentioned in Schedule B, when sole leather can be diverted to these uses consistent with meeting programmed military and civilian footwear requirements.

(5) No person except a shoe-repairer repairing shoes for the general public or any person repairing his own shoes shall hereafter use any non-military quality repair stock (except as provided in Block IIIB of Schedule B hereof) cut from finders' bends, from manufacturers' bends-for-repair or from parts of such bends.

(3) No tanner shall put into process, or continue to process, any horsehide front, except into leather meeting military specifications in force at the time, unless such horsehide is not capable of being so processed.

(4) No person shall sell, deliver, accept delivery of or commercially incorporate into any product any horsehide front leather meeting any military specification, except for unfilled military orders.

(g) [Deleted September 20, 1943]

(h) Goatskins and cabrettas—(1) Definitions. (i) "Goatskin" means the skin of a goat or leather made from such skin, including kidskin, but excluding India tanned goatskin, and domestic angora goatskin.

(3) [Deleted Jan. 24, 1944]

(4) The restrictions of paragraph (h) (2) shall not apply to persons who put into process less than 200 domestic goatskins in any calendar month and who process no foreign goatskins.

(5) No tanner shall sell or deliver goatskin garment leather for other than military purposes, except leather failing to meet military specifications: *Provided*, That such failure has resulted unavoidably in the course of producing military leather; *Provided further* That such leather permitted hereby to be sold or delivered for other than military purposes may not exceed 12½% of his production of military goatskin garment leather subsequent to the date of this order.

(6) [Deleted Jan. 24, 1944]

(i) Deerskins—(1) Definition. "Deerskin" means the skin of any North Amer-

ican, New Zealand, or French Oceanian deer, except elk, moose, caribou skins and Alaska deerskins.

(v) A skin taken off a deer after September 20, 1943 and owned by the person causing it to be processed or incorporated into a product for his personal use or for a gift.

## INTERPRETATION 1

## EFFECT OF RATINGS ON EQUITABLE DISTRIBUTION

Paragraph (b) (5) of this order, the so-called equitable distribution clause, does not excuse filling of rated orders. This clause prohibits discrimination between customers who meet established prices, terms and credit requirements, but it does not override Priorities Regulation No. 1, which requires, subject to the conditions set forth, that all rated orders be accepted and that preference be given to orders carrying higher ratings over those with lower ratings.

The particular types of leather specified by preference rated orders must be delivered unless the leather cannot be produced from the hides or skins available to the tanner or the tanner is excused or prevented from filling the order by a regulation, order or direction of the War Production Board. If a rated order is placed for military quality leather, this order may not be filled with civilian quality leather. (Issued Apr. 11, 1944.)

## INTERPRETATION 2

## OFRA AND UNRA ORDERS NOT WITHIN DEFINITION OF "MILITARY ORDER"

"Military order" as defined in paragraph (a) (5) does not include orders for delivery against contracts placed by the Office of Foreign Relief Administration or the United Nations Rehabilitation and Relief Administration, or orders for hides, skins or leather for incorporation in products to be delivered against such contracts. (Issued April 15, 1944.)

## PART 3290—TEXTILE, CLOTHING AND LEATHER

[General Conservation Order M-356, as Amended May 25, 1944]

## SYNTHETIC FIBERS, YARNS AND FABRICS

The fulfillment of requirements for the defense of the United States has created shortages in the supplies of synthetic fibers, yarns and fabrics for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

## Nylon

§ 3290.326 *General Conservation Order M-356*—(a) *Definitions*. (1) "Nylon" means synthetic fiber-forming polymeric amides having a protein-like chemical structure, derivable from coal, air and water, or other substances, and characterized by extreme toughness and strength and the peculiar ability to be formed into fibers (yarns and fabrics) and into various shapes, such as bristles, sheets, etc. "Nylon" also means fibers, yarn, thread and fabrics made of nylon.

(2) "Nylon waste" means waste, noils and garnetted or reclaimed fibers (including scraps and clippings, generated in the manufacture of thread, fabrics, rope, braiding or other material containing nylon) the total nylon content of which is 95% or more by weight.

(b) *Restrictions on nylon*. (1) No person shall sell or deliver nylon except as specifically authorized in writing by the War Production Board.

(2) No person shall knowingly purchase, accept delivery or commercially use nylon contrary to any restriction of the War Production Board.

(c) *Restrictions on nylon waste*. No person shall sell, purchase, deliver, accept delivery, process or commercially use nylon waste except to recover nylon

flake. No person shall mix nylon waste with any other waste material having less than 95% nylon content by weight.

*Export of Fine Rayon Yarn and Rayon Fabrics*

(d) *Definitions*. (1) "Rayon fabrics" mean broad woven synthetic fabrics (over 24 inches in width) made from continuous filament viscose yarn, cuprammonium yarn or cellulose acetate yarn, from viscose or acetate staple fiber, or from combinations or blends containing more than 50 per cent by weight of any such synthetic yarns. The term shall not include velvets, plushes, and other pile fabrics, upholstery, drapery and tapestry fabrics, and Jacquard woven fabrics.

(2) "Fabric producer" means a person who wove, or caused to be woven for him on commission, an average of more than 25,000 yards of rayon fabrics per week during the three months' period ending September 30, 1943. Wherever the words "his total yardage production" or "produced by him" are used in paragraph (g) they refer to the yardage of rayon fabrics manufactured for, as well as by, the fabric producer.

(3) "Procurement orders" mean orders for rayon fabrics placed by the Army or Navy of the United States (including military exchanges and service departments when the order bears the appropriate endorsement referred to in paragraph (c) of Priority Regulation 17) the Maritime Commission or War Shipping Administration.

(4) "Export orders" means, with respect to fine rayon yarns as defined in General Preference Order M-37-d, orders bearing a preference rating of AA-3 or higher, and with respect to rayon fabrics, orders bearing a preference rating of AA-5 or higher, for material which is covered by or the subject of one of the following:

(i) An export license issued by Foreign Economic Administration.

(ii) A release certificate issued by or pursuant to the authority of Foreign Economic Administration in connection with a program license of the Foreign Economic Administration.

(iii) A United States Treasury Procurement Division contract or requisition placed for Foreign Economic Administration under the Act of March 11, 1941, (Lend-Lease)

(iv) A purchase by The Canadian Commodity Prices Stabilization Corporation.

(v) An order from a manufacturer, who has accepted orders for garments or materials covered by export orders defined in subdivisions (i) (ii) (iii) above, for goods to be incorporated in such garments or materials.

Deliveries to or for United States Army, Navy, Maritime Commission or War Shipping Administration, and deliveries to Canada, other than on orders referred to in subdivision (iv) are not exports for the purpose of this order.

(e) (1) No preference rating applied or assigned in connection with any export order as defined in paragraph (d) (4) shall be valid, used, or given any effect unless the preference rating is applied and extended as provided in Priorities

Regulation 3 and, in addition, substantially one of the following notations (whichever is appropriate) is placed on the order:

(i) The goods hereby ordered will be exported (or will be incorporated in materials to be exported) under export license No. \_\_\_\_\_

(full in)  
issued by Foreign Economic Administration.

(ii) The goods hereby ordered will be exported (or will be incorporated in materials to be exported) under release certificate No. \_\_\_\_\_

Issued by or pursuant to the authority (full in)

of Foreign Economic Administration.

(iii) The goods hereby ordered are (or will be incorporated in material that is) the subject of United States Treasury Procurement Division Contract No. \_\_\_\_\_

(full in)

(iv) The goods hereby ordered will be delivered to or for the account of The Canadian Commodity Prices Stabilization Corporation.

(When this is done the requirements of M-328 are met, and it is unnecessary to use any other notation.)

(2) No person shall purchase, accept delivery of, deliver or knowingly sell for delivery for export any rayon yarn or rayon fabric, without a preference rated export order as defined in paragraph (d)

(4) except rags or pieces of fabric shorter than ten yards.

(f) *Establishment of export quotas for fine rayon yarn*. (1) An export quota system is hereby established for the producers of fine rayon yarn as defined in General Preference Order M-37-d. Such export quotas will be established from time to time by the War Production Board within which quotas the Foreign Economic Administration will be authorized to assign preference ratings. Until further notice from the War Production Board, each producer of fine rayon yarn shall, regardless of preference ratings, each day set aside an amount of such yarn equal to the production of 4% of his active spindles producing viscose or cuprammonium yarn and 4% of his active spindles producing acetate yarn. The number of active spindles producing high tenacity tire-type rayon yarn shall not be included in computing the above percentages. The yarn thus set aside shall be known as "export yarn," and shall be set aside, as nearly as practicable, in such denier sizes as will fill the producer's orders on hand for such yarn at the time the producer sets his production schedule. No producer of fine rayon yarn shall be compelled to export or accept an order for export of fine rayon yarn in excess of the export quota so established for him: *Provided*, That no such producer shall be prohibited from exporting or accepting an order for export of fine rayon yarn in excess of such quota, unless specifically prohibited by the War Production Board.

(2) *Disposition of export yarn not booked or delivered*. All export yarn set aside from the production of any one month, pursuant to the provisions of paragraph (f) (1) and which has not been delivered or booked during said month, shall be immediately available

for sale to any person otherwise eligible to purchase such yarn.

(3) [Deleted Feb. 8, 1944]

(g) *Establishment of export quota for rayon fabrics.* (1) An export quota system is hereby established for rayon fabrics. Pursuant to such system export quotas will be fixed from time to time by the War Production Board. Until further notice from the War Production Board, each fabric producer must accept and fill export orders for rayon fabrics until they aggregate for the current calendar quarter four per cent of his total yardage production of rayon fabrics (excluding yardage produced by him to fill procurement orders) during the preceding calendar quarter. No fabric producer is required to accept or fill export orders for more than the established export quota, nor for more than fifteen per cent of any particular construction of rayon fabrics produced by him during the current calendar quarter. However, he is not prohibited from doing so, unless compliance with other orders or regulations of the War Production Board would forbid it.

(2) *Unfilled export quota to be carried over to next quarter.* If a fabric producer does not fill his entire export quota of rayon fabrics in any calendar quarter, the unfilled portion shall be added to his quota for the next succeeding quarter. The portion so carried over which is not filled in such succeeding quarter may be dropped. To illustrate: if the export quota of a fabric producer for the second quarter of 1944 is 100,000 yards and he books or delivers only 75,000 yards during that quarter, the remaining 25,000 yards shall be added to his quota for the third quarter of 1944. If his quota for that quarter is also 100,000 yards, he is required to accept and fill export orders aggregating 125,000 yards during the third quarter. Any part of the 25,000 yards not delivered during the third quarter is thereafter free from the restrictions of this order.

#### Miscellaneous Provisions

(h) *Miscellaneous provisions.* (1) *Applicability of regulations.* This order and all transactions affected thereby are subject to all applicable regulations of the War Production Board, and General Conservation Order M-328, as amended from time to time.

(2) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(3) *Reports.* Each producer of rayon fabrics shall forward to the War Production Board each week a copy of every export order accepted by him during the week. Each producer of rayon fabrics shall file with the War Production Board quarterly production reports on Form WPB-658-C within the time specified on said form. This reporting requirement has been approved by the Bureau of the Budget pursuant to the Federal Reports Act of 1942.

(4) *Violations.* Any person who willfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact or furnishes false information to any depart-

ment or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(5) *Communications.* All reports required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Division, Washington 25, D. C., Reference: M-356.

#### PART 3290—TEXTILE, CLOTHING AND LEATHER

[General Conservation Order M-356, as Amended May 25, 1944; Interpretation 1]

#### ALL PRODUCERS OF RAYON FABRICS REQUIRED TO REPORT

The following interpretation is issued with respect to General Conservation Order M-356:

Although "fabric producer" is defined in paragraph (d) (2) to mean a person who wove or caused to be woven for him on commission an average of more than 25,000 yards of rayon fabric per week during the three months' period ending September 30, 1943, paragraph (h) (3), the reports paragraph, refers to each producer of rayon fabrics regardless of the quantity he produces. Accordingly, all producers of rayon fabrics are required to report.

#### PART 3291—CONSUMERS DURABLE GOODS<sup>1</sup> [Limitation Order L-23-b, as Amended May 25, 1944]

##### DOMESTIC ELECTRIC RANGES

Section 3291.180<sup>1</sup> *Limitation Order L-23-b* is amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of materials and facilities for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3291.180 *Limitation Order L-23-b—*  
(a) *What this order does.* This order controls the manufacture and delivery of new domestic electric ranges. It provides for the resumption of production of these items on a limited basis.

(b) *Definitions.* For the purpose of this order:

(1) "New electric range" means any range or cooking stove designed primarily for home use having as functional parts electric heating elements of a total

rated wattage of 2½ kilowatts or over, and which has never been used by a consumer.

(2) "Consumer" means any person who gets an electric range for installation or use, including a builder of a housing project.

(3) "Manufacturer" means any person who produces or assembles new electric ranges, or who produced or assembled them during the base period.

(4) "Base period" means the twelve months period beginning July 1, 1940.

(5) "Distributor or dealer" means any person who buys new electric ranges for resale at the wholesale or retail price level.

(6) "Special order" means any purchase order or contract calling for delivery to or for the account of the Army or Navy of the United States, the U. S. Maritime Commission, the War Shipping Administration, the Federal Public Housing Authority, the Home Owners Loan Corporation acting for the National Housing Agency, or any purchase order or contract covered by an export license, release certificate, or Lend-Lease requisition approved or authorized by the Foreign Economic Administration.

(c) *Production of electric ranges.*  
(1) No person shall make any new electric ranges except in models and quantities specifically authorized by the War Production Board on Form CMPL-150-b. Application should be made by filing Form WPB-3700 with the field office of the War Production Board for the district in which the electric ranges will be made.

(2) Manufacture of new electric ranges will be authorized so that the total production will not exceed the approved War Production Board Program and so that production in any one plant or labor requirements therefor will not interfere with war production in that plant, or in any other plant located in the same area. Wherever practical, each manufacturer will be permitted under paragraph (c) (1) to make in each calendar quarter, for other than special orders, the number of new electric ranges set forth in Table A. However, to ensure full production of approved requirements, the War Production Board may assign additional quotas to qualified manufacturers. Authorization will be given to produce for special orders without reference to base period production. In general, no single manufacturer will be authorized to produce for other than special orders, more than one model of the standard size and one model of the low oven apartment house type electric range. Approval of models will be based largely on economy of production and the volume of production of the individual models by a manufacturer during the base period. The War Production Board will, from time to time or on request of any manufacturer, give notice to all manufacturers of the total production authorized and the percentage of his base period production authorized to each individual manufacturer.

(3) Manufacturers who are unable to produce in their own plant because of interference with war production may apply to the War Production Board for authorization to have another manufacturer make electric ranges for them.

<sup>1</sup> Formerly Part 1028, § 1028.3.

Each application should be made by filing Form WPB-3700 in accordance with the applicable instructions.

(d) *Relief on outstanding appeals remains in effect.* The provisions of paragraph (c) do not apply to the production or assembly of electric ranges under an appeal from Order L-23-b granted by the War Production Board before May 25, 1944.

(e) *Restriction on production of parts.* No person shall make any parts for an electric range (including repair and replacement parts) if by making those parts he would have more parts of that type in his inventory than a three months' supply. A person, however, is not required to make less than a minimum practical run of any parts (including repair and replacement parts) in order to comply with the provisions of this paragraph.

(f) *WPB may direct distribution of ranges for specified purposes.* The War Production Board, on Form CMPL-150-b or otherwise, may direct a manufacturer as to the number of new electric ranges he may distribute for specified purposes such as housing projects, and may state the conditions under which he may sell and ship the electric ranges.

(g) *How new electric ranges may be sold to consumers.* No person may sell or deliver any new electric range to a consumer except in accordance with the rules stated below.

(1) Sales may be made to fill special orders for which production has been authorized under paragraph (c) (1)

(2) Sales may be made to a person who furnishes a certificate in substantially the following form:

I certify to the War Production Board and to the seller: I own or occupy the residence at ----- It has the inside and outside wiring needed for an electric range, and my electric company has told me that electric service for range operation will be supplied. I do not have any electric range for this residence which can be used or repaired.

-----  
Signature of purchaser

(3) Sales may be made to fill orders for electric ranges to be installed in housing projects approved by the National Housing Agency or War Production Board under Preference Rating Order P-55-c if the purchaser endorses on his purchase order a statement substantially as follows:

This order is placed pursuant to authority granted under Order P-55-c. I have been authorized by the War Production Board or National Housing Agency to install these electric ranges in Project No. ----- located at -----

A distributor or dealer may not deliver on such an order any new electric ranges which were not delivered to him for housing projects, unless he is advised by the manufacturer that replacements will be shipped from the inventory of electric ranges which the manufacturer has been authorized to distribute for housing projects.

(4) Sales may be made on special authorization of the War Production Board granted on Form WPB-1319. Applications should be made on this form in accordance with the instructions for its

This does not apply to electric ranges sold on special orders or for housing projects. The War Production Board may direct the distribution of specified quantities to any area from any manufacturer's production.

(i) *Preference ratings not valid for purchase of new electric ranges.* No preference rating lower than AAA shall be valid for the purchase of new electric ranges and orders bearing such preference ratings are to be treated as unrated orders.

C., Ref: L-23-b, on or before the 15th day of July, October, January and April. This form is a report of the number of new electric ranges made and shipped during the preceding quarter.

(k) *Applicability of other orders and regulations.* This order and all transactions affected by it are subject to all applicable regulations of the War Production Board. If any other order of the War Production Board limits the use of any material in making electric ranges to a greater extent than this order does, the other order shall govern.

§ 1300.901 *Definition.* For the purpose of this Procedural Regulation No. 11, a general increase in the rates or charges of a common carrier or other public utility is defined as any change in its rates, fares, classifications, rules, regulations or practices which results in an increase in the charges for transportation or other public utility service applicable to a class of passengers, shippers or customers, including increases in wholesale or industrial rates or charges for public utility services, as distinguished from an increase of rates or charges applicable to a particular customer or transportation service under special arrangement.

§ 1300.902 *General requirements with respect to notices.* Thirty (30) days before the effective date of a general increase in the rates or charges of any common carrier or other public utility, there shall be filed with the Transportation and Public Utilities Division of the Office of Price Administration, Washington, D. C., two copies of notice of such proposed increase, except as otherwise provided in paragraphs (d) and (e) of § 1300.904. Such notices shall be deemed to have been filed when received in the Office of such Division. If authority for the establishment of any such increase is required by any regulatory agency, notice shall be given on or before the time such authority is sought in order that the Price Administrator may have timely opportunity to intervene, but in no event shall such notice be given less than 30 days before such proposed increased rates or charges are to become effective. All notices shall state the name and address of the Federal, State or municipal authority having jurisdiction over the rates or charges in question.

Each such notice shall contain a statement that the common carrier or other public utility consents to the timely intervention by the Price Administrator, or, behalf of the Director of Economic Stabilization, before the Federal, State or municipal authority having jurisdiction to consider such increase.

One copy of each notice must be over the signature of an executive officer, a responsible traffic officer, or a duly authorized attorney or agent of the carrier or other public utility. [Paragraph (a) added and former (a), (b) and (c) redesignated (b), (c) and (d) by Am. 2, 9 F.R. 3299, effective 3-24-44]

(b) Notice filed by common carriers other than common carriers included in § 1300.904 shall show the names and addresses of the carriers on whose behalf the notice is filed, except that in case of a notice filed by an agent or agents on behalf of a group of carriers, parties to a tariff filed with a federal agency, reference may be made to such tariffs wherein is shown the names of the carriers for whom such agent is acting. In case of notice filed by an agent or agents on behalf of a group of carriers, parties to a tariff not filed with a federal agency, one copy of such tariff showing the names and addresses of such carriers may be submitted.

##### SECTION 1. *What this regulation does.*

This regulation fixes new ceiling prices for the foods listed in Table A for wholesalers selling these food products. These new ceiling prices are to be used on and after August 5, 1943, instead of the ceiling prices figured under any other price regulation or order issued by the Office of Price Administration (hereinafter called OPA) except as otherwise provided in

any order fixing dollars and cents ceiling prices, which has been or which may be, issued by the OPA pursuant to General Order No. 51.<sup>3</sup>

SEC. 2. *How you determine to which class your business belongs.*—(a) *What wholesalers are covered.* Your business is classified under this regulation if, prior to the effective date of the regulation you were and still are a wholesaler, the larger part of whose food sales are of food products which you purchase for resale and distribute from your warehouse without materially changing their form, to independent retail stores, or to commercial, industrial or institutional users. This regulation does not apply, however, to "wagon wholesalers" or "flour jobbers."

[Paragraph (a) amended by Am. 7, 9 F.R. 2562, effective 3-13-44.]

(b) *Classes of wholesalers.* Wholesalers covered by this regulation are defined as follows:

(1) *Class 1, retailer-owned cooperative wholesaler.* You are a retailer-owned cooperative wholesaler if you are either a non-profit organization or a corporation 51 percent of the stock of which is owned by your independent retailer customers.

(2) *Class 2; cash-and-carry wholesaler.* You are a cash-and-carry wholesaler if you are not in Class 1 and the larger part of your food sales were, prior to the effective date of this regulation, made without delivery, to independent retail stores, or if they were made with delivery you made a charge for delivery to all customers.

(3) *Class 3; service wholesaler.* You are a service wholesaler if you are not in Class 1 and the larger part of your food sales were, prior to the effective date of this regulation, and still are made, to independent retail stores, with delivery to all customers in a base zone without charge.

(4) *Class 4, institutional wholesaler.* You are an institutional wholesaler if you are not in Class 1 and the larger part of your food sales were, prior to the effective date of this regulation, and still are made to commercial, industrial or institutional users. For the purposes of this regulation "marine provisioners" shall be considered institutional wholesalers. (If you do business in more than one of the ways outlined above, see sections 17, 18, 19, and 20.)

[Subparagraph (4) amended by Am. 7, 9 F.R. 2562, effective 3-13-44.]

[Section 2 amended by Am. 6, 8 F.R. 17369, effective 1-8-44, and as otherwise noted.]

SEC. 3. *How and when you figure ceiling prices.*—(a) *General rule.* Your ceiling price for each item (that is, for each kind, brand, grade, variety, container type and container size) of food listed in Table A shall be the result of (1) the "net cost" you had to pay for the most recent delivery of the item to you before August 5, 1943, multiplied by (2) the mark-up figure given you for it in Table A.

(b) *When you must figure your ceiling prices.* By the opening of business

<sup>3</sup> Revised: 9 F.R. 408.

on August 5, 1943, you must have figured your ceiling price for each item of food covered by this regulation which you have in stock at that time. Between July 26, 1943, and August 5, 1943, you may put into effect the new ceiling price on any item as soon as you figure it; you must put the new ceiling prices into effect on all items not later than August 5, 1943. If you do not put the new price for an item into effect before August 5, 1943, you must continue to use your existing ceiling for that item until August 5. If you receive delivery of any item between July 26, and August 5, for which you have no ceiling price, you must, before selling it, figure your ceiling price according to the rules of this regulation.

**SEC. 4. Directions for applying the rule—(a) Net cost.** To figure your ceiling price, first find the "net cost" of the item, based on its most recent delivery to you before August 5, 1943. Your "net cost" will be the amount you paid your supplier less all discounts except the discount for prompt payment and swell and label allowances, plus all transportation charges you paid except local trucking and local unloading. Treat as a separate item each kind, brand, grade, variety, container size and container type.

(1) Your net cost must be figured on purchases of a customary quantity from a customary type of supplier delivered to your usual receiving point by a customary means of delivery. Of course, you must never figure your net cost on a purchase made at a price higher than your supplier's ceiling.

(2) Figure the net cost of the unit in which you receive delivery (i. e. per dozen, per case, per bag, etc.) to the nearest cent.

(3) For items you "manufacture or otherwise process" use the special rules in section 16.

(b) **Mark-up.** Turn to Table A to find the mark-up figure for the item given your class of wholesaler. Table A lists all the items covered by this regulation by commodity groups.

(c) **Ceiling price.** Next multiply your "net cost" by the mark-up figure in Table A for your class of wholesaler for the item being priced. The resulting amount will be your ceiling price. You must not change this ceiling price unless OPA authorizes you to do so. (Section 6 tells you when you may be allowed to change it.)

(d) **Fractions.** All calculations of ceiling prices resulting in a fraction of a cent shall be reduced to the nearest lower cent if the fraction is less than one-half cent, and shall be increased to the nearest higher cent if the fraction is one-half cent or more.

If you sell an amount less than the unit in which you receive delivery, you must reduce your ceiling price proportionately, rounding any fraction to the next higher cent.

(e) **Invoices.** You must write your net cost per unit either on your invoice or other record of the price you paid for the item or on a separate slip of paper and attached to that invoice or other record.

You must keep separate, or mark or tag plainly, all invoices or records showing the "net cost" of the unit in which

you received delivery and which you used in figuring your ceiling prices. The invoices and records you used in figuring your ceiling prices are your means of proving that your ceiling prices are right.

**SEC. 5. How you figure your ceiling prices for "new items."** (a) A "new item" is any item which you did not have in stock at the opening of business on August 5, 1943. You must figure your ceiling price for a "new item" before selling it, following the rules in section 4, basing your "net cost" however, on the first delivery of the item to you on or after August 5, 1943.

In pricing new items it is a violation to use the "net cost" of a first purchase made in a non-customary manner (that is, from a non-customary supplier or in a non-customary quantity) when you know that you will be making future purchases in a customary manner. If your first purchase is of this type you must find out and use, in figuring your ceiling price, what the "net cost" would be of a purchase from a type of supplier usually used for a similar item and of an amount in which a similar item is usually purchased.

**SEC. 5a. New wholesalers.** If, on or after August 5, 1943, you begin to operate as a wholesaler as defined in section 2, you are subject to this regulation, and as such a new wholesaler you must figure all your ceiling prices for all sales of food items covered by this regulation in accordance with the following provisions:

(a) If you are a retailer-owned cooperative wholesaler, you must figure all of your ceiling prices for sales to members as a retailer-owned cooperative (Class 1) wholesaler and are subject to all of the provisions applicable to such a wholesaler.

(b) If you are not a retailer-owned cooperative wholesaler you must figure your ceiling prices in the following way:

(1) For sales to independent retail stores made without delivery, you shall use the mark-ups applicable to a cash-and-carry (Class 2) wholesaler.

(2) For sales to independent retail stores made with delivery, you shall use the mark-ups applicable to a service (Class 3) wholesaler.

(3) For sales to commercial, industrial or institutional users, you shall use the mark-ups applicable to an institutional (Class 4) wholesaler.

(c) You must figure your ceiling price for an item before selling it, in accordance with section 4, basing your "net cost" however, on the first delivery of an item to you on or after the date you open your place of business subject to all of the provisions covering the sales of "new items" in section 5.

(d) For sales to retail stores which are not independent retail stores, and for sales to other wholesalers, your ceiling price for any item shall be your supplier's ceiling price for such item plus transportation charges to your usual receiving point.

(e) Within 10 days after you become a new wholesaler under this section, you must notify your nearest District OPA office that you are operating under the provisions of this section.

(f) The provisions of this section may not be used by any person, who, at the opening of business on August 5, 1943, was subject to this regulation, or by any person owned or controlled by any wholesaler who at the opening of business on August 5 was subject to this regulation.

[Sec. 5a added by Am. 6, 8 F.R. 17363, effective 1-8-44.]

**SEC. 6. When you may change a ceiling price—(a) Official notification.** If OPA changes a supplier's ceiling price for an item covered by this regulation, it may direct wholesalers to refigure their ceiling prices for the item. You may not refigure your ceiling price under this paragraph until you receive written notice requiring you to do so. Ordinarily a written notice telling you to refigure your ceiling price will come to you directly from your supplier or the manufacturer. You will find it inside or attached to the carton, case or barrel containing the item, or it will be sent to you with the invoice. After actually receiving the item for the first time with such a notice, you must, before selling the item, refigure your new ceiling price by following the directions in section 4, figuring your "net cost" however, on that first delivery. If that delivery is from another wholesaler covered by this regulation, you must use the "net cost" of the other wholesaler. You must write this new ceiling price on the invoice covering that delivery. Be sure to keep this notice attached to your invoice or other record showing the price you paid for the item. Even though you receive later shipments with the same notice you must not change your ceiling price again.

When you make a sale to a retail store at this new ceiling price, you must send with your invoice a copy of the notice received by you from your supplier if the notice is not attached to the item you are selling.

(b) **Special deals.** If your ceiling price for an item was based on a delivery to you at a "special deal" price, you may refigure your ceiling price when you receive your first delivery of that item after the termination of the "special deal". In refiguring your ceiling price, you must follow the directions in section 4, figuring your "net cost" however, on the first delivery to you of the item after the termination of the "special deal".

A "special deal" price means a reduced price, in effect for an announced period of not more than 90 days, to all purchasers of the same class, which price was made for the purpose of introducing a new commodity not theretofore on the market, or resulting from offers of free goods or combination sales. No price resulting from a discount for quantity purchases shall be considered a "special deal" price.

[Sec. 6 amended by Am. 6, 8 F.R. 17363, effective as to paragraph (a) 1-8-44, and as to paragraph (b) 12-29-43]

**SEC. 7. Indirect price increases prohibited.** You must not evade any of the provisions of this regulation or any order issued pursuant to it, by any stratagem, scheme, or device. You must not, as a

condition of selling any particular food item, require a customer to buy anything else. Any such evasion is punishable as a violation of this regulation.

You may not use an unnecessarily high "net cost" in figuring a ceiling price under this regulation. If you make such a high cost purchase, you must find out what your net cost, as used in section 4, would be and use that net cost to figure your ceiling price.

**SEC. 8. Invoices and receipts.** You must give each of your customers an invoice, receipt or other evidence of purchase in connection with every sale, retaining a copy for your files. Each such record you prepare and give your customer must show the date of sale, the name and address of your customer, your name and address, each food item sold, and the price you charged for it. Be sure that your description of each item shows the kind, brand, variety, container-size and container-type.

In addition, you must, on or before May 8, 1944, file with your nearest District OPA office a list of the items of canned fruits and canned vegetables you sell for which OPA regulations require processors to notify purchasers of the grade. (For example, in Maximum Price Regulation No. 306 certain items are listed by grades such as "A" "B" "C" or "Fancy" "Extra Standard" and "Standard." Each processor selling such an item must furnish the purchaser with an invoice describing the item and separately stating its grade.) The list must give your name and address, and the name of each brand and the grade thereof. If at any time the grade is changed so that it is different from the grade shown on the list, or if you offer for sale an item which you were not selling at the time you filed your list, you must, within 5 days of such change or such addition, notify your nearest District OPA office thereof.

If you sell more than one grade of any canned fruit or canned vegetable under the same brand name, you must show, on each invoice, the grade of each such item.

[Sec. 8 amended by Am. 6, 8 F.R. 17368, effective 1-8-44 and Am. 8, 9 F.R. 3647, effective 4-8-44]

**Sec. 9. Records.** After July 26, 1943, you must keep for so long as the Emergency Price Control Act of 1942, as amended, remains in effect, all your invoices, freight bills, and other records showing the price you paid for each item and the date you received delivery of each item covered by this regulation. You are required to show all your invoices and records on request of any OPA representative. You are also required to keep available for inspection by any OPA representative the records you used in determining your class. In addition, you are required, on request of any OPA representative, to furnish a written record of your ceiling price for any or all of the items covered by this regulation.

**Sec. 10. Licensing.** The provisions of Licensing Order No. 1,<sup>4</sup> licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's

license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[Sec. 10 amended by Supplementary Order 72, 8 F.R. 13244, effective 10-1-43]

**Sec. 11. Prohibitions.** On and after August 5, 1943, if you sell or deliver or offer to sell or deliver at a price higher than your ceiling price fixed by this regulation or any order issued pursuant to it, or if you otherwise violate any provision of this regulation, or any order issued pursuant to it, you are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended. Also, any person who, in the course of trade or business, buys from you at a price higher than your ceiling price is subject to the criminal penalties and civil enforcement actions provided for by that act.

**Sec. 12. Dollars-and-cents ceiling prices.** From time to time the OPA may, by order issued pursuant to General Order 51,<sup>5</sup> fix dollars-and-cents ceiling prices for wholesalers for some or all of the food items covered by this regulation. When these dollars-and-cents prices are fixed, you may not thereafter sell at higher prices and these orders may provide that such prices take the place of the ceiling prices which you have under this regulation. If such orders do not provide that they replace your prices under this regulation you must continue to figure your prices under this regulation. If the OPA has, before the effective date of this regulation, established a ceiling price for you for an item pursuant to such an order, you shall use that as your ceiling price and shall not figure a ceiling price for the item under this regulation.

**Sec. 13. Further provisions supplementing or explaining this regulation.** From time to time, the Price Administrator may, by amendment, issue further provisions which will supplement the provisions of this regulation or explain the rights and duties of buyers and sellers under it. These further provisions will become part of this regulation and may be added as paragraphs to this section.

(a) Whenever an amendment adds any food product to the list of items covered in Table A, you must figure your ceiling price for that food product in accordance with sections 3, 4 and 5. However, in doing so, you shall substitute the effective date of such amendment for the date August 5, 1943, whenever it appears in sections 3, 4 and 5.

(b) Whenever an amendment changes either a commodity definition in Table A by transferring a food product from one commodity group to another or the mark-up for your class of wholesalers, you must, by the opening of business on the effective date of such amendment refigure your ceiling prices for the items affected by such amendment. In doing

so, you must use as your "net cost" the same "net cost" you used in figuring the ceiling prices you had on the effective date of the amendment.

[Paragraphs (a) and (b) added by Am. 4, 8 F.R. 15250, effective 11-9-43]

(c) On and after March 13, 1944, "marine provisioners" are made subject to this regulation. If you are a "marine provisioner" you must, by the opening of business on March 13, 1944, have figured your ceiling price in accordance with sections 3 and 4 for items which you have in stock at that time. For items which you do not have in stock at that time, you must figure your ceiling price in accordance with section 5. However, in doing so, you must substitute the date March 13, 1944, for the date August 5, 1943, whenever it appears in sections 3, 4 and 5.

[Paragraph (c) added by Am. 7, 9 F.R. 2503, effective 3-13-44]

#### ARTICLE II—SPECIAL PRICING PROVISIONS

**Sec. 14. Additions to "net cost" for packaging.** If you buy in bulk any item covered by this regulation and then package and sell it in cardboard containers, cotton bags, transparent bags, interlined coffee bags, or Kraft bags or similar type bags on which the name and weight of the commodity and your name are stamped or printed and which are packed and sealed at a place and time other than the point and time of sale, you may add to your "net cost" whichever of the following allowances applies:

- (1) 1½ cents for every such bag or container with a net weight of less than 2 pounds.
- (2) 2 cents for every such bag or container with a net weight of 2 pounds or more, but less than 5 pounds.
- (3) ½ cent per pound for every such bag or container with a net weight of 5 pounds or more.

[Sec. 14 amended by Am. 1, 8 F.R. 10569, effective 7-27-43 and Am. 6, 8 F.R. 17368, effective 1-8-44]

**Sec. 15. Purchases and sales between wholesalers.** If you purchase from another wholesaler covered by this regulation, an item for which you have not previously been required to establish a ceiling price under this regulation, you must secure a written record of that wholesaler's "net cost." To get your "net cost" for the item, you will add to that wholesaler's "net cost" the transportation charges you paid (not including local trucking or local unloading) to your usual receiving point. You will multiply the resulting figure by the mark-up figure for your class of wholesaler to get your ceiling price. However, your "net cost" for an item under this section may not exceed the net cost for that item had you purchased it from the manufacturer or processor.

[Sec. 15 amended by Am. 10, effective 5-25-44]

**Sec. 16. How you figure your ceiling prices for foods you "manufacture or otherwise process."** If you "manufacture or otherwise process" and sell at

<sup>4</sup> 8 F.R. 13240.

<sup>5</sup> Revised, 9 F.R. 408.

wholesale any item covered by this regulation you will determine your "net cost" or ceiling price for such an item under whichever of the following provisions applies:

(a) If the item is one for which OPA has issued, or later issues, a regulation naming dollars-and-cents ceiling prices for sales by manufacturers, but the regulation makes no provision for manufacturers selling to retailers, the lowest ceiling price under that regulation for sales delivered to your usual receiving point shall be your "net cost"

(b) If the item is one for which OPA has issued, or later issues, a regulation naming dollars-and-cents ceiling prices for sales by manufacturers and makes a provision for manufacturers selling to retailers, you shall figure your ceiling price for such item as a manufacturer under that regulation. You will not attempt to figure a "net cost" and apply a mark-up figure under this regulation.

(c) If the item is one for which OPA has not issued, or does not later issue, a regulation establishing dollars-and-cents ceiling prices for sales by manufacturers, you shall figure your ceiling price for such item as a manufacturer under the appropriate regulation covering sales of such item by manufacturers. You will not attempt to figure a "net cost" and apply a mark-up figure under this regulation.

(d) If, after you have established a ceiling price for an item which you "manufacture or otherwise process" the manufacturing regulation which you used in figuring your ceiling price under paragraph (a) (b) or (c) of this section is amended so that either (1) the manufacturer's regulation is no longer the type described in the applicable paragraph of this section or (2) the type of regulation is not changed but the prices set forth therein are changed, you must, within 5 days after the effective date of such amendment, refigure your ceiling price for the item under the applicable paragraph of this section based on the manufacturer's regulation as amended.

(e) For the purpose of this regulation you shall be considered a manufacturer of any item which you "manufacture or otherwise process" directly, or which is manufactured for you by a person to whom you supply the raw material.

**Sec. 17. How a retailer-owned cooperative wholesaler figures ceiling prices for sales to non-members.** If you are a retailer-owned cooperative wholesaler and you sell to non-members (those retailers who have no share or interest in your ownership) your ceiling prices for your sales to non-members without delivery may be figured as a Class 2 wholesaler. If you sell and deliver to non-members, your ceiling prices for such sales may be figured as a Class 3 wholesaler, in which event you may not add to such ceiling prices the additions for delivery allowed in section 21 of this regulation.

**Sec. 18. How a service wholesaler figures ceiling prices for cash-and-carry sales.** If you are a service wholesaler but you also make cash-and-carry sales, you must use for such sales the mark-up

figures of a cash-and-carry wholesaler if, during March 1942,

(a) You had a separate department for such sales, or

(b) You had a price list for such sales different from the price list which you used in making other sales.

**Sec. 19. How a service wholesaler figures ceiling prices for sales to commercial, industrial or institutional users.** If you are a service wholesaler and you make sales to commercial, industrial or institutional users, you may use for such sales the mark-up figures of an institutional wholesaler.

[Sec. 19 amended by Am. G, 8 F.R. 17363, effective 1-8-44]

**Sec. 20. How an institutional wholesaler figures ceiling prices for sales to retailers.** If you are an institutional wholesaler but you also make sales to retail stores, your ceiling prices for such sales made without delivery must be figured as a Class 2 (cash-and-carry) wholesaler and your ceiling prices for such sales made with delivery must be figured as a Class 3 (service) wholesaler.

**Sec. 21. Addition allowed for deliveries by Class 1 and Class 2 wholesalers.** (a) If you are a retailer-owned cooperative wholesaler, or a cash-and-carry wholesaler, and you have customarily added a set amount or percentage to your sales price for delivering to retailers, you may, in figuring your ceiling price for each item you deliver to retailers, add to your ceiling price such set amount or percentage. The resulting figure will be your ceiling price for the item when delivered by you.

(b) If you are a retailer-owned cooperative wholesaler or a cash-and-carry wholesaler and you have not customarily added a set amount or percentage to your sales price for delivering to retailers, you may, in figuring your ceiling price for each item you deliver to retailers, add .01 to your mark-up figure (example: If your mark-up figure is 1.06, you change it to 1.07)

**Sec. 22. Addition allowed for deliveries outside of a base zone—(a) Addition allowed to retailer-owned cooperative wholesalers, service wholesalers and institutional wholesalers.** (1) If you are a retailer-owned cooperative wholesaler, a service wholesaler or an institutional wholesaler, who, during March 1942, customarily sold goods on a delivered basis in different zones at established price differentials between zones, you may, in figuring your ceiling prices for items delivered by you to such other zones, add to your "base zone" ceiling prices, the same zone differentials which you added in March 1942. The resulting figures will be your ceiling prices for items delivered by you to such other zones. (Your base zone shall be the area surrounding your warehouse in which you customarily made free deliveries.)

(2) If you are a retailer-owned cooperative wholesaler, you may not, in figuring your ceiling prices under this section, include any addition allowed in section 21.

(3) Before using different delivered prices for different zones under this section, you must report, in writing, to the Distribution Branch, Food Price Division,

OPA, Washington, D. C., the amount of such differentials and a description of your base zone and delivery zones.

(b) **Additions by certain wholesalers making f. o. b. sales.** If you are a service wholesaler or an institutional wholesaler who, during March, 1942, customarily sold f. o. b. your warehouse for delivery to zones or delivery points outside of your base zones, and

(1) If you added a freight charge when making such sales or included a freight charge in figuring your selling price, you may add to your ceiling price for each item the same charge or the same freight rate, apportioning the charge or freight rate to each item, in which case the resulting figure will be your ceiling price for the item when sold to such other zones or delivery points, or

(2) If your customer paid the freight bill, you may make such sales at your ceiling prices, the freight bill to be paid by the purchaser.

(c) **Additions by certain wholesalers who did not use a zone delivery system or make f. o. b. sales.** If you are a service wholesaler or an institutional wholesaler, who, during March 1942, customarily sold all customers on a delivered basis at the same price regardless of distance from your warehouse, you may, in figuring your ceiling price for an item delivered by you to a customer located at a distance of 125 miles or more from your warehouse, add to your mark-up figure whichever of the following amounts applies:

(1) If your customer is located at a distance of from 125 through 199 miles from your warehouse, you may add .01 to your mark-up figure (example: If your mark-up on mayonnaise in Table A is 1.16, you change it to 1.17)

(2) If your customer is located at a distance of from 200 miles through 299 miles from your warehouse, you may add .02 to your mark-up figure.

(3) If your customer is located at a distance of from 300 miles through 399 miles from your warehouse, you may add .03 to your mark-up figure.

(4) If your customer is located at a distance of 400 miles or more from your warehouse, you may add .04 to your mark-up figure.

(5) If your method of figuring ceiling prices for items delivered to zones outside of a base zone falls within either paragraph (a) or paragraph (b) of this section, you may not use this paragraph (c) in figuring your ceiling prices for items delivered to such other zones.

**Sec. 22a. Special limitations in figuring your net cost in certain cases—(a) Pineapple which you import—(1) "Net cost"** If you import any item of packed pineapple, or packed pineapple juice, (other than pineapple and pineapple juice packed in the Territory of Hawaii or in Puerto Rico) your "net cost" for any such item may not in any case exceed the maximum price fixed in Revised Supplementary Regulation No. 14 to the General Maximum Price Regulation for the item ex dock, any United States port of entry, duty paid,

or ex railroad car or other type of carrier, any point of entry on the United States-Mexico border, duty paid, plus any allowable charges actually incurred in putting the items in the warehouse at port or point of entry, plus actual transportation charges from the port or point of entry to your usual receiving point.

If, prior to May 25, 1944, you had figured a ceiling price under this regulation for any of the above items of packed pineapple or packed pineapple juice which you imported, you must refigure your ceiling price for that item in accordance with the provisions of sections 3 and 4, basing your "net cost" however, on the first delivery to you of the item on or after May 25, 1944.

(2) *Notification of changes in ceiling price.* With the first delivery to retailers of any of the above items of packed pineapple or packed pineapple juice after you have figured or refigured your ceiling price for the item under the provisions of this section, you shall supply each retailer who purchases from you, with the written notice set forth below:

(Insert date)

#### NOTICE TO RETAILERS

Our OPA ceiling price for (describe item by kind, variety, grade, brand, container type and container size) has been changed by the Office of Price Administration. We are authorized to inform you that if you are a retailer pricing this item under Maximum Price Regulation Nos. 422 or 423, you must refigure your ceiling price for this item on the first delivery of it to you, from your customary type of supplier, containing this notification on and after (insert effective date of change in ceiling price). You must refigure your ceiling price following the rules in section 6 of Maximum Price Regulations Nos. 422 or 423, whichever is applicable to you.

For a period of 60 days after figuring such ceiling price and with each shipment after the 60 day period to each person who has not made a purchase within that period, you must place on or attach to each invoice the written notice set forth above.

[Sec. 22a added by Am. 10, effective 5-25-44]

SEC. 23. *Special pricing provision for manufacturers selling some commodities at wholesale.* Any person the larger part of whose business consists of the manufacturing or processing of foods but (a) his entire business in connection with a particular commodity consists of the purchase and resale of such commodity without substantially changing its form and (b) the larger part of his sales of such commodity are made to independent retail stores or to commercial, industrial or institutional users (c) may figure his ceiling price for such sales of that commodity under this regulation.

#### ARTICLE III—ADJUSTMENT PROVISIONS

SEC. 24. *How retailer-owned cooperative wholesalers may, under certain conditions, apply for permission to use the mark-up figures designated for other wholesalers.* If you are a retailer-owned cooperative wholesaler, you may file an application for permission to use the mark-up figures designated for another class of wholesaler if you can establish:

(a) That you have customarily operated in the same manner as the other class of wholesaler, and

(c) Your application must set forth the following:

Revised Supplementary Order No. 9 (8 F.R. 6175) makes the provisions of Procedural Regulation No. 6 applicable to all price regulations, excepting those which expressly prohibit such applications and certain specific regulations listed in Revised Supplementary Order No. 9.]

[NOTE: Supplementary Order No. 28 (7 F.R. 9619) provides for the filing of applications for adjustment or petitions for amendment based on a pending wage or salary increase requiring the approval of the National War Labor Board.]

SEC. 25. *How service wholesalers may, under certain conditions, apply for permission to use the mark-up figures designated for institutional wholesalers.* If you are a service wholesaler (you must consider each warehouse as a separate wholesaler) you may file an application for permission to use the mark-up figures designated for institutional wholesalers if you can establish:

(a) During your fiscal year 1941 and so far in 1943, you regularly distributed grocery products to at least 12 states; and

(e) Such application must be filed in duplicate by June 24, 1944, with the Distribution Branch, Food Price Division, OPA, Washington, D. C. #### ARTICLE IV—MISCELLANEOUS PROVISIONS

SEC. 26. *Transfer of business and stock in trade.* If, after August 5, 1943, you acquire in any way the business, assets

<sup>7</sup> 7 F.R. 8961; 8 F.R. 3313, 3533, 6173, 11805; 9 F.R. 1594, 3075.

and stock in trade of any wholesaler covered by this regulation and you carry on the business, or continue to deal in the same type of food products in the same establishment, and you render the same service and sell to the same class of purchaser, your ceiling prices shall be the same as those of the former owner if no transfer had taken place. You must keep all the records needed to verify your ceiling prices. The former owner must either preserve and make available to you or give you all the records of his transactions before you acquired the establishment which you need to comply with the record provisions of this regulation.

If, after the transfer, you fall into a class of wholesaler different from the former owner's, your ceiling prices shall be those for the class of wholesaler in which you fall. (For example: If you acquire the business, assets, and stock in trade of a service wholesaler and you decide to discontinue making deliveries, your ceiling prices must be figured as a cash-and-carry wholesaler, using as your "net cost" the same "net cost" the former owner used in fixing his ceiling prices.)

**SEC. 27. Taxes.** You may collect, in addition to your ceiling price, any tax upon or incident to a sale at wholesale of food covered by this regulation, if you state the tax separately, and if the tax statute or ordinance does not prohibit sellers from stating and collecting the tax separately from the price.

**SEC. 28. Export sales.** The ceiling prices at which a person may export any product covered by this regulation shall be determined in accordance with the Second Revised Maximum Export Price Regulation,<sup>8</sup> as amended, issued by the OPA.

**SEC. 29. Relation to other regulations.** The provisions of this Maximum Price Regulation No. 421, except as otherwise provided in this regulation, shall, on and after August 5, 1943, supersede the provisions of Revised Maximum Price Regulation No. 237, Maximum Price Regulation No. 249,<sup>9</sup> Maximum Price Regulation No. 255,<sup>10</sup> the General Maximum Price Regulation,<sup>11</sup> and any other applicable price regulation or order issued by the OPA except any order issued pursuant to General Order No. 51,<sup>12</sup> with respect to sales and deliveries for which ceiling prices are established by this regulation.

<sup>8</sup> 8 F.R. 4132, 5987, 7662, 9998, 15193; 9 F.R. 1036.

<sup>9</sup> 7 F.R. 8702, 9898, 10014, 10993; 8 F.R. 2673, 10559.

<sup>10</sup> 8 F.R. 2988, 3946, 5164, 7821.

<sup>11</sup> 9 F.R. 1385.

<sup>12</sup> Revised, 9 F.R. 408.

**SEC. 30. Definitions—(a) Delivery.** Delivery of any item covered by this regulation shall be considered to have occurred when the item has been received by you at your usual receiving point.

**(b) Usual receiving point.** Your usual receiving point will be the warehouse at which you generally receive the particular item you are pricing under this regulation and from which you generally supply your customers.

**(c) "Manufacture or otherwise process"** "Manufacture or otherwise process" shall mean blending, freezing, canning, preserving, milling, bottling, crushing, straining, roasting, centrifuging, cooking, distilling, purifying with heat, and other similar operations. Packaging as used in section 14 shall not be considered manufacturing or processing under this regulation.

**(d) Independent retail store.** Independent retail store shall mean one that is not one of four or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

**(e) "Wagon wholesaler"** A "wagon wholesaler" is a wholesaler who distributes food products to retail stores or to commercial, industrial, or institutional users from an inventory stocked in trucks or other conveyances under the supervision of driver-salesmen who make deliveries at the time and point of sale. A wholesaler is a wagon wholesaler only of the food products he sells in this way.

**(f) "Marine provisioners"** A "marine provisioner" is a person, the larger part of whose food sales are of food products which he purchases for resale and distributes from a warehouse, without materially changing their form, to boat and steamship companies and ship operators for the provisioning of boats and ships, with delivery from shore locations by the use of truck or launch facilities.

[Paragraph (f) amended by Am. 7, 9 F.R. 2562, effective 3-13-44.]

**(g) Flour jobber** "Flour jobber" shall mean a "primary distributor" as defined in Maximum Price Regulation No. 296,<sup>13</sup> and also a person the larger part of whose business is the purchase and resale of flour made from wheat, semolina and farina without additional processing and in the original containers, to bakers and commercial, institutional or Governmental users. For sales to retail stores, "flour jobbers" other than "primary distributors" must figure their ceiling prices for flour under this regulation.

[Paragraph (g) amended by Am. 6, 8 F.R. 17368, effective 1-8-44.]

<sup>13</sup> 8 F.R. 16282, 17376; 9 F.R. 576.

**SEC. 31. Geographical applicability.** The provisions of this regulation shall apply to the 48 states of the United States and the District of Columbia.

#### ARTICLE V—TABLE AND COMMODITY DEFINITIONS

**SEC. 32. Table of mark-up figures—(Table A.)—(a) Instructions.** Table A (printed below) lists the commodities and the mark-up figures for the four classes of wholesalers covered by this regulation. For a detailed list of the items included in each category of commodities, see "Commodity definitions" printed immediately after Table A. This regulation must not be used to determine ceiling prices for the commodities listed in paragraph (c) of this section.

The commodities covered by this regulation are listed in the column at the extreme left of Table A and the four classes of wholesalers are listed across the top of Table A. To find your proper mark-up figure for any item, first determine the class of wholesaler to which you belong; then find the commodity listed at the left of Table A which includes the item you are pricing. Directly opposite, in the column for your class of wholesaler, you will find the proper mark-up figure for the item. This is the figure by which you should multiply your "net cost" in order to determine your ceiling price. Drop any fraction of a cent which is less than  $\frac{1}{2}$  cent; take the next higher cent if the fraction is  $\frac{1}{2}$  cent, or more.

For example, you are a Service (Class 3) Wholesaler, and you want to figure your ceiling price for a case of 9-oz. packages of X Brand Spaghetti which you had in stock at the opening of business on August 5, 1943. The amount you paid your customary type of supplier for your last purchase of a customary quantity of this item prior to August 5, 1943, was \$1.75 per case after deducting all discounts except the discount for prompt payment and swell and label allowances. In addition, you paid incoming freight, excluding local trucking charges, amounting to 9 cents per case. Your net cost is therefore \$1.84 per case. Now refer to Table A. Check the list of commodities and you will find "Macaroni and spaghetti products." This category includes the item you are pricing. Directly opposite "Macaroni and spaghetti products" in the column headed "Class 3 Wholesaler" you will find the figure 1.15. Multiply your net cost by this mark-up figure; the resulting amount is \$2.116. By rounding up the fraction of a cent, which is more than  $\frac{1}{2}$  cent, you will get your ceiling price of \$2.12 per case.

§ 1351.361 *Ceiling prices of certain foods sold at retail in group 3 and group 4 stores.* Under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, Executive Order No. 9250, and Executive Order No. 9328, Maximum Price Regulation No. 422, which is annexed hereto and made a part hereof, is hereby issued.

**SECTION 1. What this regulation does.** This regulation fixes new ceiling prices for the "dry groceries" listed in Table A and the "perishables" listed in Table B for all retail stores, other than "independent" retail stores, doing an annual business of less than \$250,000, and for all retail stores, whether "independent" or not, doing an annual business of more than \$250,000. These new ceiling prices are to be used instead of the ceiling prices figured under any other price regulation or order issued by the Office of Price Administration (hereinafter called OPA) except as otherwise provided in any order fixing dollars-and-cents ceiling prices which has been or which may be issued by the OPA pursuant to General Order No. 51.<sup>3</sup> All other retail stores (Group 1 and Group 2 stores) selling these food products are covered by Maximum Price Regulation No. 423.<sup>4</sup>

<sup>3</sup> Revised: 9 F.R. 408.

<sup>4</sup> 8 F.R. 9407, 10570, 10988, 12443, 12611, 13294, 14854, 15587, 15608, 16031, 17371.

SEC. 2. *How you find out whether your store is covered by this regulation and what group it is in*—(a) *What stores are covered.* Your store is covered by this regulation if it is a Group 3 or 4 store as defined below and if you are a retailer who buys and resells food products, generally without materially changing their form, for the most part to ultimate consumers who are not commercial, industrial or institutional users. The provisions of this regulation apply to "retail route sellers" only with respect to fresh fruits and vegetables. However, this regulation does not apply to "health food stores" or to automatic vending machines or farmers selling produce grown on their own farms.

[Paragraph (a) amended by Am. 15, 9 F.R. 4214, effective 4-27-44.]

(b) *What are Group 3 and 4 stores.* For the purpose of this regulation, Group 3 and 4 stores are defined as follows:

(1) *Group 3.* Your store is in Group 3 if its "annual gross sales" are less than \$250,000, and if it is not an "independent" store. Your store is an "independent" store if it is not one of 4 or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

(2) *Group 4.* Your store is in Group 4 if its "annual gross sales" are \$250,000 or more.

(If you are not sure what group your store is in, use the directions in Section 30 for figuring its "annual gross sales" See section 36 for definitions of Group 1 and 2 stores.)

(c) *How to post a sign of the group your store is in.* At all times, you must have the group your store is in under this regulation posted on a sign reading "OPA-3" or "OPA-4", whichever it is, or on a sign which the OPA may furnish to you, except that if under any order issued under General Order No. 51 you are allowed to post the sign of another group, you may do so. The sign must be posted so that it can be clearly seen by your customers. (The word "group" as used in this regulation means the same thing as the word "class" meant in Revised Maximum Price Regulations No. 238<sup>5</sup> and No. 268.<sup>6</sup>)

(d) *When you may choose to treat your store as a group 4 store.* If your store is a Group 3 store, you may choose to treat it as a Group 4 store and post a sign in your store as a member of that group if you:

(1) Figure your ceiling prices for all the items listed in Tables A and B of this regulation as a Group 4 store;

(2) Use the Group 4 ceiling prices fixed in Maximum Price Regulation No. 390<sup>7</sup> for all the household soaps and cleansers it covers.

(3) Use all the dollars-and-cents ceiling prices fixed under the OPA community price orders issued for Group (or Class) 4 stores in your community and

(4) Notify your nearest OPA district office of these facts.

#### Dry Groceries

SEC. 3. *How and when you figure your ceiling prices for "dry groceries"*—(a) *General rule.* Your ceiling price for each item (that is, for each kind, brand, grade, variety, container-type and container-size) of "dry groceries" listed in Table A shall be the total of (1) the "net cost" you had to pay for the most recent delivery of the item to you before August 5, 1943, plus (2) the mark-up given you for it in Table A.

(b) *When you must figure your ceiling prices.* By the opening of business on August 5, 1943, you must have figured your ceiling price for each item of "dry groceries" listed in Table A which you have in stock at that time. (See section 24 for an exception to this rule if you purchase an item from wholesalers.) Between July 26, 1943, and August 5, 1943, you may put into effect the new ceiling price on any item as soon as you figure it; you must put the new ceiling prices into effect on all items not later than August 5, 1943. If you do not put the new price for an item into effect before August 5, 1943, you must continue to use your existing ceiling for that item until August 5. If you receive delivery of any item between July 26 and August 5 for which you have no ceiling price, you must, before selling it, figure your ceiling price according to the rules of this regulation.

SEC. 4. *Directions for applying the rule for "dry groceries"*—(a) *"Net cost."* To figure your ceiling price, first find the "net cost" of the item based on its most recent delivery to you before August 5, 1943. Your net cost will be the amount you paid your supplier less all discounts except the discount for prompt payment and swell and label allowances, plus all transportation charges you paid except local trucking and local unloading. Treat as a separate item each kind, brand, grade, variety, container-size and container-type of "dry groceries"

(1) Your net cost must be figured on purchases of a customary quantity from a customary type of supplier delivered to your "usual receiving point" by a customary means of delivery. Of course, you must never figure your net cost on a purchase made at a price higher than your supplier's ceiling.

(2) Figure the net cost on a single unit basis (that is, per can, per pound, per package, per jar, etc.) to the nearest half-cent. Your invoice cost may be the cost of a carton, case or barrel for instance, and not the cost of the package, can or other unit you sell. You must get the net cost of the single unit you sell by dividing the cost for the carton, case or barrel by the number of units in the carton, case or barrel.

(3) For items you "manufacture or otherwise process" use the special rules in section 25.

(b) *Mark-up.* Turn to Table A to find the mark-up for the item given your group of store. Table A lists all the "dry groceries" covered by this regulation by commodity groups.

(c) *Ceiling price.* Next turn to Table C. Using the directions given there, you will get your ceiling price for the item. You must not change this ceiling price unless OPA authorizes you to do so. (Section 6 tells you when you can change it.)

[Paragraph (c) amended by Am. 17, effective 5-25-44]

(d) *Invoices.* You must write your "net cost" per unit either on your invoice or other record of the price you paid for the item or on a separate slip of paper and attached to that invoice or other record. You must keep separate, or mark or tag plainly, all invoices or records showing the net cost per unit which you used in figuring your ceiling prices. These invoices and records you used in figuring your ceiling prices are your means of proving that your ceiling prices are right.

SEC. 5. *How you figure your ceiling prices for "new items" of "dry groceries"* A "new item" of "dry groceries" is any item of "dry groceries" which you did not have in stock at the opening of business on August 5, 1943. You must figure and post your ceiling price for a new item before selling it, following the rules in section 4, but basing your "net cost" on the first delivery of the item to you on or after August 5, 1943. In pricing new items it is a violation to use the net cost of a first purchase made in a non-customary manner (that is, from a non-customary supplier or in a non-customary quantity) when you know that you will be making future purchases in a customary manner.

If your first purchase is of this type you must find out and use in figuring your ceiling price, what the net cost would be of a purchase from a type of supplier usually used for a similar item and of a quantity in which a similar item is usually purchased.

SEC. 6. *When you may change a ceiling price*—(a) *Official notification.* If OPA changes a supplier's ceiling price for an item covered by this regulation, it may direct retailers to refigure their ceiling prices for the item. You may not refigure your ceiling price under this paragraph until you receive written notice requiring you to do so. Ordinarily a written notice telling you to refigure your ceiling price will come to you directly from your supplier or the manufacturer. You will find it inside or attached to the carton, case or barrel containing the item, or it will be sent to you with the invoice. After actually receiving the item for the first time with such a notice, you must, before selling the item, refigure your new ceiling price by following the directions in section 4, figuring your "net cost" however, on that first delivery. You must write this new ceiling price on the invoice covering that delivery. Be sure to keep this notice attached to your invoice or other record showing the price you paid for the item. Even though you received later shipments with the same notice you must not change your ceiling price again.

<sup>5</sup> Revised: 9 F.R. 408.

<sup>6</sup> Revoked: 8 F.R. 12468.

<sup>7</sup> 7 F.R. 9184; 8 F.R. 322, 1747, 2483, 2664, 3527, 3732, 4524, 4929, 5907, 6129, 7116, 7661, 7592, 8682, 9365, 9299, 9460, 10568.

<sup>8</sup> F.R. 6428, 8947, 9380, 13499.

(b) *Special deals.* If your ceiling price for an item was based on a delivery to you at a "special deal" price, you may refigure your ceiling price when you receive your first delivery of that item after the termination of the "special deal." In refiguring your ceiling price, you must follow the directions in section 4, figuring your "net cost" however, on the first delivery to you of the item after the termination of the "special deal."

A "special deal" price means a reduced price, in effect for an announced period of not more than 90 days, to all purchasers of the same class, which price was made for the purpose of introducing a new commodity not theretofore on the market, or resulting from offers of free goods or combination sales. No price resulting from a discount for quantity purchases shall be considered a "special deal" price.

[Sec. 6 amended by Am. 10, 8 F.R. 17370, effective as to paragraph (a), 1-8-44; as to paragraph (b), 12-29-43]

#### Perishables

SEC. 7. *How and when you figure your ceiling prices for "perishables"*—(a) *General rule.* Your ceiling price for each item (that is, for each kind, brand, variety, and grade) of "perishables" listed in Table B shall be the total of (1) the "net cost" of the largest delivery of the item to you during the week before, plus (2) the mark-up given you for it in Table B.

(b) *When you must figure your ceiling prices.* By the opening of business on August 5, 1943, you must have figured your ceiling price for each item of "perishables" listed in Table B which you have in stock at that time. These ceiling prices must be checked each week after August 5, 1943, and changed on Thursday of each week for any item if your "net cost" of that item has changed in the preceding seven days. Never change your ceiling price on any day but Thursday.

For items which you receive for the first time or which you have not had in stock for 30 days, you must figure and use a ceiling price at once using the net cost of that first delivery. On each Thursday after that, you must treat the item as you would any other item of perishables covered under this regulation.

Stores under one ownership pricing from a central point may refigure ceiling prices for items so priced based on the net cost of deliveries received during the seven days preceding Tuesday of each week. These prices must not be put into effect until the following Thursday.

SEC. 8. *Directions for applying the rule for "perishables"*—(a) *Net cost.* To figure your ceiling price, first find the "net cost" of the largest delivery to you of the item during the seven day period before the Thursday for which you are figuring your price. If you have received more than one delivery of the same largest quantity, use the most recent of these deliveries. Your net cost will be the amount you paid your supplier less all discounts except the discount for prompt payment, plus all transportation

charges you paid, which may include costs for icing, refrigeration, and ventilation, but which may not include costs for local trucking and local unloading.

[Paragraph (a) amended by Am. 6, 8 F.R. 15251, effective 11-9-43]

(1) Your net cost must be based on purchases from a customary type of supplier delivered to your usual receiving point by a customary means of delivery. Of course, you must never figure your net cost on a purchase made at a price higher than your supplier's ceiling.

(2) Figure the net cost on the basis of the "selling unit" (for example, 5 lbs., 1 dozen, etc.) listed in Table B for the commodity group which includes the item you are pricing. Always figure net cost to the nearest half-cent.

(3) If you have received no delivery of any item which you have in stock at the opening of business on August 5, 1943, during the week before, you shall, in figuring your first ceiling price for the item on August 5, 1943, base your net cost on its most recent delivery to you.

(b) *Mark-up.* Turn to Table B to find the mark-up for the item given for your group of store. Table B lists all the "perishables" covered by this regulation by commodity groups. Note that some mark-ups are percentage mark-ups, while others are dollars-and-cents additions per "selling unit" which you make to your net cost.

(c) *Ceiling price*—(1) *Percentage mark-ups.* If the item has been given a percentage mark-up in Table B, turn to Table C. Using the directions given there, you will get your ceiling price for the item.

(2) *Dollars-and-cents mark-ups.* If the item has been given a dollars-and-cents mark-up in Table B, instead of a percentage mark-up, do not use Table C to get your ceiling price. You will get your ceiling price for the item by adding the named dollars-and-cents mark-up in Table B to your "net cost." If your ceiling price so figured results in a fraction of a cent, you may, in making sales of the "selling unit" charge the next higher cent.

(3) *Sales in other quantities.* You may sell an item in a quantity other than the "selling unit" given in Table B. If you sell an item in a quantity other than the "selling unit" given in Table B, you must reduce or increase your ceiling price proportionately. If figuring a price for a quantity different from the "selling unit" results in a fraction of a cent, you may charge the next higher cent.

[Paragraphs (b) and (c) amended by Am. 15, 9 F.R. 4214, effective 4-27-44]

SEC. 9. *Price which you must post.* At all times, you must have your current selling price for each item of food covered by this regulation clearly shown on the item, or at or near the place in your store where the item is offered for sale. Of course, this posted price must never exceed your ceiling price.

[Sec. 9 amended by Am. 17, effective 5-25-44]

SEC. 10. *Indirect price increases prohibited.* You must not evade any of the provisions of this regulation or any order issued pursuant to it by any stratagem, scheme, or device. You must not, as a condition of selling any particular food, require a customer to buy anything else. Any such evasion is punishable as a violation of this regulation.

You may not use an unnecessarily high "net cost" in figuring a ceiling price under this regulation. If you make such a high cost purchase, you must find out what your net cost as used in section 4 or 8 would be and use that net cost to figure your ceiling price. You may never use the net cost of a purchase from another retailer to figure a ceiling price.

SEC. 11. *Sales slips and receipts.* If you have customarily given a purchaser a sales slip, receipt or similar evidence of purchase, you must continue to do so. Furthermore, regardless of your custom, you must give any customer who asks for it a receipt showing the date, your name and address, and each food item sold and the price you charged for it.

SEC. 12. *Records.* After July 26, 1943, you must keep for one year after you receive them all your invoices, freight bills; and other records showing the price you paid and the date you received delivery of each item covered by this regulation.

You are required to show all your invoices on request of any OPA representative and to furnish on request of any OPA representative a written record of your ceiling price in effect at any particular time or times for any or all of the items covered by this regulation. You must also keep available for inspection by an OPA representative the records you used in deciding what group your store is in.

Stores under one ownership pricing from a central point must also keep available at all times in each store a list showing the current selling price, as set at the central point, of each item so priced. These price lists must be kept in each store for one year, or, in the alternative, must be kept in each store for 30 days and thereafter for a period of eleven months in the warehouse from which the food items are delivered to the store. On request, such price lists must be shown to any OPA representative.

[Above paragraph amended by Am. 6, 8 F.R. 15251, effective 11-9-43]

SEC. 13. *Licensing.* The provisions of Licensing Order No. 1,<sup>8</sup> licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may, not, during the period of suspension, make any sale for which his license has been suspended.

[Sec. 13 amended by Supplementary Order No. 72, 8 F.R. 13244, effective 10-1-43]

SEC. 14. *Prohibitions.* On and after August 5, 1943, if you sell or deliver or offer to sell or deliver at a price higher

<sup>8</sup> 8 F.R. 13240.

than your ceiling price fixed by this regulation or any order issued pursuant to it, or if you otherwise violate any provisions of this regulation or any order issued pursuant to it, you are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended. Also, any person, who, in the course of trade or business, buys from you at a price higher than your ceiling price is subject to the criminal penalties and civil enforcement actions provided for by that Act.

**Sec. 15. Notice of dollars-and-cents ceiling prices.** From time to time the OPA may, by order issued pursuant to General Order No. 51,<sup>10</sup> fix in your region or community dollars-and-cents ceiling prices for some or all of the "dry-groceries" or "perishables" under this regulation. When these dollars-and-cents prices are fixed, you may not thereafter sell at higher prices, and those orders may provide that such prices take the place of the ceiling prices which you have under this regulation. If such orders do not provide that they replace your prices under this regulation you must continue to figure your prices under this regulation. If the OPA has, before the effective date of this regulation, established a ceiling price for you for an item pursuant to such an order, you shall use that as your ceiling price and shall not figure a ceiling price under this regulation for the item.

**Sec. 16. Further provisions supplementing or explaining this regulation.** From time to time, the Price Administrator may, by amendment, issue further provisions which will supplement the provisions of this regulation or explain the rights and duties of buyers and sellers under it. These further provisions will become part of this regulation and may be added as paragraphs to this section.

(a) Whenever an amendment adds any food product to the list of items covered in Table A, you must figure your ceiling price for that food product in accordance with sections 3, 4 and 5. However, in doing so, you shall substitute the effective date of such amendment for the date August 5, 1943, whenever it appears in sections 3, 4 and 5.

(b) Whenever an amendment changes either a commodity definition in Table A by transferring a food product from one commodity group to another or the mark-up for your group of retailers, you must, by the opening of business on the effective date of such amendment refigure your ceiling prices for the items affected by such amendment. However, in doing so, you must use as your "net cost" the same "net cost" you used in figuring the ceiling prices you had on the effective date of the amendment.

If you have customarily made most of your purchases of any item affected from a wholesaler who is pricing under Maximum Price Regulation 421,<sup>11</sup> and if you still customarily purchase such item

from such a wholesaler, you must refigure your ceiling price in accordance with section 4, basing your "net cost" on the first delivery to you of such item after the effective date of the amendment.

[Paragraphs (a) and (b) added by Am. 6, 8 F.R. 15251, effective 11-9-43]

(c) Effective May 25, 1944, this regulation requires that the year 1943 be used as the basis for figuring your "annual gross sales" instead of the year 1942. If you find that as a result of that change your store is in a group different from the one it was in before, you must, by the opening of business on Thursday, June 15, 1944, refigure all of your ceiling prices. For "dry grocery" items you must use as your "net cost" the same "net cost" you used in figuring your existing ceiling prices. For "perishable" items you must use as your "net cost" the same "net cost" you would have used in refiguring your ceiling prices on that Thursday under section 8 of this regulation (or under section 8 of Maximum Price Regulation No. 423 if you become a Group 1 or Group 2 store) If, under that section, you would not have been required to refigure your ceiling price for any "perishable" item on that Thursday, you must use as your "net cost" for that item the same "net cost" on which your existing ceiling price is based. Further, if any store becomes a Group 1 or Group 2 store, it is on and after June 15, 1944, subject to all other provisions of Maximum Price Regulation No. 423.

[Paragraph (c) added by Am. 17, effective 5-25-44]

#### ARTICLE II—SPECIAL PRICING PROVISIONS

**Sec. 18. Additions for packaging.** (a) If you buy in bulk any item covered by this regulation (except shell eggs) and then package and sell it in cardboard containers, cotton bags, transparent bags, interlined coffee bags, or Kraft bags or similar type bags, on which the name and weight of the commodity and your name are stamped or printed and which are packed and sealed at a place and time other than the point and time

of sale, you may add to your "net cost" whichever of the following allowances applies:

- (1) 1½ cents for every such bag or container with a net weight of less than 2 pounds.
- (2) 2 cents for every such bag or container with a net weight of 2 pounds or more, but less than 5 pounds.

[Sec. 18 amended by Am. 1, 8 F.R. 10569, effective 7-27-43 and Am. 10, 8 F.R. 17370, effective 1-8-44]

**Sec. 19. Special limitations in figuring your "net cost" in certain cases—(a)** If you buy any of the following items of cheese f. o. b. manufacturer's plant, you may not, in figuring "net cost" include any freight costs above the lowest published carlot freight per pound of gross weight from the basing point for the item to your usual receiving point, multiplied by 1.15:

Item	Basing point
Cheddar cheese	Plymouth, Wisconsin
Brick cheese	Plymouth, Wisconsin
Munster cheese	Plymouth, Wisconsin

(b) **Butter.** When purchased f. o. b. seller's shipping point. If you buy butter f. o. b. seller's shipping point, your "net cost" may not in any case exceed the ceiling price established under Maximum Price Regulation No. 283.<sup>12</sup> (Dairy Products) for sales of that particular grade (or score) and form of butter delivered to your usual receiving point.

(c) **Fresh fruits and vegetables.** Whenever there is an order in effect in your area or community fixing ceiling prices for sales of fresh fruits and vegetables by wholesalers, your net cost may not in any case exceed the highest ceiling price fixed for wholesalers in your area or community.

**Sec. 20. How you figure your "net cost" in certain cases—(a) Fresh bananas bought from importers f. o. b. port of entry, or imported directly by retailers.** If you import bananas directly, or if you buy fresh bananas directly from an importer f. o. b. port of entry, figure your "net cost" by the following procedure.

First, increase the importer's maximum price per hundredweight f. o. b. port of entry (as fixed by Maximum Price Regulation No. 285<sup>13</sup>) by either \$1.25 or by 29 percent, whichever is greater. To the resulting figure add the cost of getting the bananas to your usual receiving point, which may include costs

you have to pay for freight, icing, heating and messenger service, but which may not include costs for local trucking or local unloading (figure your freight costs at the lowest available common carrier rates, and if you import directly, these freight costs are to be figured from the United States port of entry) Divide this total by 100 and you will get your net cost per "selling unit" (1 pound) This is the net cost you will use in figuring your ceiling prices and to which you add the mark-up in Table B for your group of stores.

[Paragraph (a) amended by Am. 15, 9 F.R. 4214, effective 4-27-44]

(b) *Fresh bananas bought at auction.* If you buy bananas at an auction market in New York, Philadelphia, or Baltimore, figure your cost the same way as in paragraph (a) of this section except that you can include freight costs only from the port of entry to the auction market. Costs for ferry service may not be included.

(c) *Butter printed by you.* If you package and print butter, you shall figure a ceiling price per pound for each resulting type of print and package and score (or grade) of butter. In figuring your ceiling price for butter of any particular score (or grade) in a print or package you shall use as your "net cost" the lowest ceiling price established under Maximum Price Regulation No. 289<sup>12a</sup> which would apply to sales of that particular score (or grade) of butter in such print or package directly by a creamery to a primary distributor delivered to the city, town, village or hamlet in which your usual receiving point is located, plus  $\frac{1}{2}\text{¢}$  per pound. When you perform the printing and packaging functions in a butter print division apart from your warehouse or store and then deliver the printed or packaged butter to your warehouse, the warehouse shall be considered your usual receiving point, and when it is delivered directly from the butter print division to your store, the store shall be considered your usual receiving point.

(d) *Eggs candled and graded by you.* If you purchase eggs in other than retail grades and sizes (or weight classes) and then candle and grade them into the retail grades and sizes (or weight classes) set forth in Table B, you shall calculate a maximum price weekly for each resulting grade and size (or weight class) using as your "net cost" the lowest ceiling price fixed by Maximum Price Regulation No. 333<sup>14</sup> which would apply to sales to a retailer of eggs of that particular grade and size (or weight class) delivered on the Monday of the week in which calculations are made to a receiving point located in the same city, town, village or hamlet as your usual receiving point for the eggs: *Provided, however* That before eggs which you grade as extra large AA may be sold as such, they must be so certified by

the United States Department of Agriculture.

(e) *Eggs sold by you as "ungraded eggs"* If you purchase eggs in other than retail grades and sizes (or weight classes) and do not candle and grade them into the retail grades and sizes (or weight classes) set forth in Table B, you must sell them as "ungraded eggs." You shall calculate a ceiling price weekly for such eggs using as your "net cost" the lowest ceiling price established by Maximum Price Regulation No. 333 which would apply to sales to a retailer of large Grade C eggs delivered on the Monday of the week in which calculations are made to a receiving point located in the same city, town, village, or hamlet as your usual receiving point for the eggs.

[Paragraph (e) added by Am. 1, 8 F.R. 10569, effective 7-27-43]

(f) *White potatoes purchased by you ungraded and unsacked.* If you purchase ungraded and unsacked white potatoes at a country shipping point (as defined in Revised Maximum Price Regulation 271<sup>15</sup>) and you grade and sack such potatoes, you shall figure a separate ceiling price weekly for each grade and variety, using as your "net cost" per "selling unit" the lowest ceiling price per 100 pounds fixed by Revised Maximum Price Regulation 271 for sales by a country shipper f. o. b. country shipping point of such grade and variety, adjusted by the applicable packaging differential, during the month in which you receive delivery at your usual receiving point, plus all transportation charges you paid (except local trucking and local unloading) to your usual receiving point, divided by 100, and multiplied by 5.

(g) *Dry onions purchased by you ungraded and unsacked.* If you purchase ungraded and unsacked dry onions at a country shipping point (as defined in Revised Maximum Price Regulation 271) and you grade and sack such onions, you shall figure a separate ceiling price weekly for each grade and variety, using as your "net cost" per "selling unit" the lowest ceiling price per 50 pounds fixed by Maximum Price Regulation 271 for sales by a country shipper f. o. b. country shipping point of such grade and variety, adjusted by the applicable packaging differentials, during the month in which you receive delivery at your usual receiving point, plus all transportation charges you paid (except local trucking and local unloading) to your usual receiving point, divided by 50 and multiplied by 3.

[Paragraphs (f) and (g) added by Am. 4, 8 F.R. 12610, effective 9-11-43]

(h) *Citrus fruits purchased by you ungraded, unsized and unpacked.* If you purchase ungraded, unsized and unpacked citrus fruits and you grade, size and pack such citrus fruits, you shall figure on such purchases a separate ceiling price weekly for each variety, and size, and fruit from different areas, using as the basis of your "net cost" for each variety, and size, and fruit from different areas, the lowest ceiling price fixed in

Maximum Price Regulation No. 292<sup>16</sup> for sales by a packer of such variety, size, and fruit in the type of container in which each item is packed, in effect at the time when you receive delivery at your usual receiving point, plus all transportation charges you paid (except local trucking and local unloading) to your usual receiving point. To get your ceiling price, reduce the resulting figure to the "net cost" of the "selling unit", and apply the mark-up for your group of retailer as set forth in section 8.

[Paragraph (h) added by Am. 6, 8 F.R. 16251, effective 11-9-43]

(i) *Poultry bought live or dressed and sold drawn.* If you buy poultry live or dressed, and you draw or eviscerate said poultry, you shall figure your ceiling price for such drawn or eviscerated poultry as though you had bought it drawn, using as your "net cost" the lowest ceiling price fixed by Revised Maximum Price Regulation 269<sup>17</sup> which would apply to sales to you by your customary type of supplier delivered to your usual receiving point of a similar item of drawn poultry during the week in which you are figuring your ceiling price for the item. To that "net cost" you shall apply the mark-up applicable to that kind of poultry bought drawn and sold drawn. The resulting figure will be your ceiling price-per pound of drawn weight.

[Paragraph (i) added by Am. 10, 8 F.R. 17370, effective 1-8-44]

(j) *Poultry bought live, dressed or drawn and sold in parts—(1) "Cut-up poultry"* If you buy poultry live, dressed or drawn, and you sell such poultry in parts which are "cut-up poultry" as defined in Revised Maximum Price Regulation No. 269, you shall figure your ceiling price for each item of such "cut-up poultry" as though you had bought it "cut-up" using as your "net cost" per pound the lowest ceiling price per pound fixed by Revised Maximum Price Regulation No. 269, which would apply to sales to you by your customary type of supplier delivered to your usual receiving point, of such "cut-up poultry" items during the week in which you are figuring your ceiling price for the item. To that "net cost" you shall apply the mark-up applicable to that kind of poultry bought cut-up and sold cut-up. The resulting figure will be your ceiling price per pound for that item of "cut-up poultry"

(2) *Poultry other than "cut-up poultry"* If you buy poultry live, dressed or drawn and you sell such poultry in parts (other than split, or in quarters) which are not "cut-up poultry" as defined in Revised Maximum Price Regulation No. 269, you shall figure a separate ceiling price for each of such parts. You must use as your "net cost" per pound for each of such parts the lowest ceiling price per pound fixed by Revised Maximum Price Regulation No. 269 which would apply to sales to you by your customary type of supplier delivered to your

[Paragraph (j) added by Am. 12, 9 F.R. 3510, effective 4-6-44.]

(k) *Coconuts imported by you.* If you import coconuts, your "net cost" per pound may not exceed the ceiling price per pound ex dock any United States port of entry duty paid, as fixed by Maximum Price Regulation No. 505<sup>18</sup> for sales by importers, plus transportation charges paid by you (except local trucking or local unloading) from the United States port of entry to your usual receiving point.

(1) *Pineapple which you import.* If you import any item of packed pineapple, or packed pineapple juice, (other than pineapple and pineapple juice packed in the Territory of Hawaii or Puerto Rico) your "net cost" for any such item may not in any case exceed the maximum price fixed in Revised Supplementary Regulation No. 14 to the General Maximum Price Regulation for the item ex dock, any United States port of entry, duty paid, or ex railroad car or other type of carrier, any point of entry on the United States-Mexico border, duty paid, plus any allowable charges actually incurred in putting the items in the warehouse at port or point of entry, plus actual transportation charges from the port or point of entry to your usual receiving point.

If, prior to May 25, 1944, you had figured a ceiling price under this regulation for any of the above items of packed pineapple or packed pineapple juice which you imported, you must refigure your ceiling price for that item in accordance with the provisions of sections 3 and 4, basing your "net cost" however, on the first delivery to you of the item on or after May 25, 1944.

[Paragraph (l) added by Am. 17, effective 5-25-44]

SEC. 21. *Additional charges allowed for slaughtering and plucking poultry.* You may add to your ceiling prices for poultry established by this regulation whichever of the following amounts apply.

(a) 10¢ for a bird killed in accordance with the Hebrac dietary laws, if such killing was done by your employee, or an agent or contractor engaged and paid by you.

(b) 10¢ for plucking a bird which you buy live and sell live, or buy kosher-killed and sell kosher-killed, if such plucking is done by your employee or an agent or contractor engaged and paid by you.

SEC. 22. *Additions for delivery from your warehouse to your store.* If your store is located at a distance of 125 miles or more from your warehouse which is

your usual receiving point, you may, in determining your ceiling price for an item delivered from the warehouse to your store, use whichever of the following provisions applies:

(a) *In the case of percentage mark-ups.* Where a percentage mark-up is given for the item:

(1) If the store is located at a distance of from 125 through 199 miles from such warehouse, you may add 1 to your mark-up figure. (Example: If your mark-up figure on sugar in Table A is 7 percent, you change it to 8 percent.)

(2) If the store is located at a distance of from 200 through 299 miles from such warehouse, you may add 2 to your mark-up figure.

(3) If the store is located at a distance of from 300 through 399 miles from such warehouse, you may add 3 to your mark-up figure.

(4) If the store is located at a distance of 400 miles or more from such warehouse, you may add 4 to your mark-up figure.

(b) *In the case of dollars-and-cents mark-ups.* Where a dollars-and-cents mark-up is given for the item:

(1) If the store is located at a distance of from 125 through 199 miles from such warehouse, you may add 1 percent to the cost of the delivery or deliveries on which your net cost per "selling unit" is based. You must then figure the "net cost" on the basis of the "selling unit" in accordance with the rules in section 8. (Example: If you are figuring your ceiling price for green peas and your largest delivery during the preceding week was of 5 bushel baskets at \$3.00 per basket, you may add 1 percent, that is, \$0.15, to the \$15.00 cost, and then reduce the resulting figure to the "net cost" of one pound, the "selling unit" for green peas.)

(2) If the store is located at a distance of from 200 through 299 miles from such warehouse, you may add 2 percent and figure your ceiling price in accordance with (1) above.

(3) If the store is located at a distance of from 300 through 399 miles from such warehouse, you may add 3 percent and figure your ceiling price in accordance with (1) above.

(4) If the store is located at a distance of 400 miles or more from such warehouse, you may add 4 percent and figure your ceiling price in accordance with (1) above.

[Sec. 22 amended by Am. 15, 9 F.R. 4214, effective 4-27-44]

SEC. 23. *How you may figure your ceiling prices for "perishables" on a weighted average basis.* Section 7 of this regulation requires you to use in figuring your ceiling price for "perishables" the net cost of the largest delivery to you in the seven day period before the Thursday (or Tuesday for stores which price from a central point) for which you are figuring your price. If you desire to figure your ceiling prices for all items of "perishables" by using for each item, instead of the net cost of the largest delivery during this seven day period, the weighted average net cost of all deliveries of it to you dur-

ing this seven day period, you may do so. However, you must apply in writing to the nearest district OPA office for permission. After receiving such permission, you may not use the net cost of the largest delivery during the seven day period to figure your ceiling price for any of the "perishables" listed in Table B. However, you shall continue to use all other provisions of section 8 in figuring your ceiling prices for these items.

SEC. 24. *How you figure your ceiling prices for "dry groceries" you purchase from wholesalers.* If you have customarily made most of your purchases of any item of "dry groceries" listed in Table A from a wholesaler who is now pricing under Maximum Price Regulation No. 421, you may, if you still customarily purchase that item from such a wholesaler, figure your ceiling price for that item on the basis of the "net cost" of your first purchase after August 5, 1943, instead of your most recent purchase before August 5, 1943, as required by section 4. Such ceiling price shall not be changed except as required by section 6. Until you make such a purchase you shall keep your present ceiling price.

SEC. 25. *How you figure your ceiling prices for foods you "manufacture or otherwise process"* If you "manufacture or otherwise process" and sell at retail any item covered by this regulation, you will figure you "net cost" or ceiling price for such item under whichever of the following provisions applies:

(a) If the item is one for which the OPA has issued, or later issues, a regulation naming dollars-and-cents ceiling prices for sales by manufacturers, but the regulation makes no provision for manufacturers selling at retail, the lowest ceiling price under that regulation for sales delivered to your usual receiving point shall be your "net cost"

(b) If the item is one for which the OPA has issued, or later issues, a regulation naming dollars-and-cents ceiling prices for sales by manufacturers and makes a provision for manufacturers selling at retail, you shall figure your ceiling price for such item as a manufacturer under that regulation. You will not attempt to figure a "net cost" and apply a mark-up under this regulation.

(c) If the item is one for which the OPA has not issued, or does not later issue, a regulation establishing dollars-and-cents ceiling prices for sales by manufacturers, you shall figure your ceiling price for such item as a manufacturer under the appropriate regulation covering the sales of such item by manufacturers. You will not attempt to figure a "net cost" and apply a mark-up under his regulation.

(d) If, after you have established a ceiling price for an item which you "manufacture or otherwise process" the manufacturer's regulation which you used in figuring your ceiling price under paragraph (a) (b) or (c) of this section is amended so that either (1) the manufacturer's regulation is no longer the type described in the applicable paragraph of this section or (2) the type of regulation is not changed but the prices

<sup>18</sup> 9 F.R. 524, 1940.

set forth therein are changed; you must, within 5 days after the effective date of such amendment, refigure your ceiling price for the item under the applicable paragraph of this section based on the manufacturer's regulation as amended.

(e) For the purpose of this regulation you shall be considered a manufacturer of any item which you manufacture or otherwise process directly, or which is manufactured for you by a person to whom you supply the raw material.

**Sec. 25a. Ceiling prices for sales of poultry pursuant to Food Distribution Order No. 91.** When the United States government or its agencies purchases or requisitions any poultry items set aside pursuant to Food Distribution Order No. 91, your ceiling price for such sales shall be the total of the following amounts:

(a) The amount you paid your supplier for the poultry items being priced (less all discounts except the discount for prompt payment) which may not exceed your supplier's ceiling price.

(b) Transportation charges actually paid by you (except local trucking or local unloading) which may not exceed the charges for deliveries of such poultry items purchased from a customary type of supplier delivered to your usual receiving point by a customary means of delivery.

(c) Charges actually paid by you or incurred by you for storage of such poultry items in a public warehouse.

(d) One and one-half cents per pound where transfers are requested by the purchaser in quantities of less than 10,000 pounds, or one cent per pound where transfers are requested by the purchaser in lots of 10,000 pounds or more (whether or not transferred by you at one time in such quantities). Sales or transfers from separate warehouses shall be considered as separate transfers.

[Sec. 25a added by Am. 11, 9 F.R. 95, effective 12-31-43]

**Sec. 26. Mail order sales.** When you make mail order sales, you may add to your ceiling prices determined under this regulation your actual express or mailing expense to the buyer's address.

#### ARTICLE III—ADJUSTMENT PROVISIONS

**Sec. 27. How you may, under certain conditions, apply to use Group 1 mark-ups.** (a) If your store meets the gross margin requirements specified in this section and does business in the manner outlined below, you may apply under paragraph (b) of this section to use the mark-ups provided in Maximum Price Regulation No. 423 for Group 1 stores:

(1) Most of your sales in your grocery department are made by sales clerks who assist customers in selecting, collecting, and wrapping merchandise;

(2) Your store generally offers to all its customers the services of taking orders by telephone, carrying monthly charge accounts, and providing delivery service;

(3) The general level of your prices for grocery products was during September 1942 at least as high as the level maintained by Group 1 stores, and was gen-

erally higher than that maintained by Group 3 and 4 stores, for such products in your community; and

(4) The total gross margin in your fiscal year 1941 was more than 25% on all sales in your food departments and also, if you are not an "independent" store, more than 25% on the combined sales of the food departments in all the stores in your organization. Do not count a restaurant as a food department. If not in business in 1941, use your most recent fiscal year (or fiscal period, if not in business a full fiscal year)

(b) Your application must be filed in duplicate on or before June 24, 1944, with your nearest District OPA office on a form which you may get from that office. You may combine on one form the applications of more than one of your stores. If your application is finally approved, OPA will tell you when to begin using the Group 1 mark-ups, and from such time on you shall post a sign in your store designating it as a "Group 1" store, and it shall be considered a Group 1 store for all orders issued under Revised General Order No. 51<sup>29</sup> and for the purpose of all "special pricing provisions" contained in Maximum Price Regulation No. 423.

(c) If you filed an application under section 26 of Revised Maximum Price Regulation No. 238 or section 25 of Revised Maximum Price Regulation No. 268 and such application has been denied, you are not eligible for adjustment under this section. If your application has been allowed, you may use the mark-ups for a Group 1 store in Tables A and B of Maximum Price Regulation No. 423 and may consider your store a Group 1 store for the purpose of all "special pricing provisions" contained in that regulation and you must post a Group 1 sign, but you are subject to all other provisions of this regulation.

[Paragraphs (b) and (c) amended by Am. 17, effective 5-25-44]

**Sec. 28. How certain stores, where necessary to assure an adequate supply of food in a locality, may apply for mark-up adjustments.** If your store is necessary to provide an adequate supply of food products in a locality and by reason of remote location, long-term credit, short selling season, or other such unusual operating conditions, you find it impossible to operate under the mark-ups fixed by this regulation you may apply for an adjustment of such mark-ups by filing with your nearest district OPA office two copies of a signed statement giving for your store: (1) its name and address; (2) its group under this regulation; (3) its type (for example, cash-and-carry service, delicatessen) (4) the approximate number of its food customers; (5) the total number of stores selling food in its community; (6) its distance from the nearest store selling food and the name and

<sup>29</sup> 9 F.R. 408.

address of that store; and (7) the reasons why you are unable to operate under the mark-ups fixed by this regulation.

If you have more than one store you may file one application for all your stores which meet the conditions stated above. Your application must state separately for each store the specific information this section calls for.

**Sec. 29. Applications for adjustment.** Any Regional Office of the OPA, or such offices as may be authorized by order issued by the appropriate Regional Office, may act on all applications for adjustment under the provisions of this regulation, and may deny any application filed under section 27 or revoke any order granting adjustment under that section if denial of such application would not cause the applicant a substantial financial hardship. Applications for adjustment are governed by Revised Procedural Regulation No. 1.<sup>30</sup>

[Sec. 29 as amended by Am. 6, 8 F.R. 16261, effective 11-9-43]

**Sec. 29a. Regional adjustment of poultry mark-ups.** Each Regional Administrator of the OPA is hereby authorized to reduce the mark-ups listed in Table B in section 39 (a) for retailers in any area or locality within his jurisdiction for sales of any poultry items in connection with adjustments made pursuant to § 1429.14 (e) of Revised Maximum Price Regulation No. 269, whenever such action is necessary to prevent an increase in the ceiling prices at which such poultry items may be sold by retailers.

[Sec. 29a added by Am. 1, 8 F.R. 10569, effective 7-27-43]

#### ARTICLE IV—MISCELLANEOUS PROVISIONS

**Sec. 30. How you find the "annual gross sales" of your store.** (a) To find your "annual gross sales" take your total sales for the calendar year 1943. Include all sales as shown on your books, except sales made by a restaurant operated in conjunction with your store. Return to get your gross sales for all or You can use your Federal Income Tax part of the calendar year 1943 which is covered by such return. If you own more than one store, figure the sales for each store separately, treating each as a separate retailer.

(b) If you were not in business during the entire year 1943, you must divide your total sales from the time you began operation up to May 25, 1944, by the number of weeks you were in business. This will get you your weekly average sales. Multiply this figure by 52, and the result is your "annual gross sales"

[Sec. 30 amended by Am. 17, effective 5-25-44]

**Sec. 31. How you determine your group in certain special cases—(a) Department stores.** If you operate a department store, that is, a store in which

<sup>30</sup> 7 F.R. 8961; 8 F.R. 3313, 3533, 6173, 11806; 9 F.R. 1594.

the greater volume of sales is general merchandise and not foods, and you sell foods in a separate department or departments, you must determine your group by using only the "annual gross sales" of your food department or departments.

(b) *Stores in which more than one retailer operates.* (1) If you sell food in a retail store in which there are other food retailers, none of whom sells a complete line of the same general class of food, you must find your group by taking the combined "annual gross sales" of all the food retailers in that store.

(2) If you sell foods in a retail store in which more than one retailer sells a complete line of the same general class of food, you will be considered as operating a separate retail store of your own, and you must determine your group by using only your own sales.

(c) *New stores.* If you open a retail store after May 25, 1944, you may consider yourself a Group 1 or Group 3 retailer, depending upon whether or not at that date your store is an "independent" store, and you must figure your ceiling prices accordingly. (If you are a Group 1 store, you must figure your ceiling prices under Maximum Price Regulation No. 423) However, after you have been in business for 3 months you must determine again what group your store is in. To do this, take your total sales for the 3-month period and multiply by 4. Use the result as your "annual gross sales" in determining the group in which your store belongs.

[Above paragraph amended by Am. 17, effective 5-25-44]

If you find that your store should now be in another group, you may continue to use the Group 1 or 3 mark-ups until the second Thursday following the end of the 3-month period, by which time you must have refigured all your ceiling prices using the mark-ups for your new group. For "dry grocery" items use the same "net cost" which you used in figuring your ceiling prices in effect at the end of the 3-month period. For "perishable" items, you shall use as your "net cost" the same "net cost" which you would have used in refiguring your ceiling prices on that Thursday under section 8. If, under that section, you would not have been required to refigure your ceiling price for any item on that Thursday, you shall use as your "net cost" for that item the same "net cost" on which your existing ceiling price at that time is based.

(d) *Discontinuance of stores.* (1) If you are not an "independent" store and you close one or more of your stores so that you now have less than 4 stores under one ownership, you may find your group for each of the remaining stores by determining the "annual gross sales" under section 30 (a) treating each store as an "independent" store.

(2) If you are not an "independent" store and you close one or more of your stores, but 4 or more stores continue under one ownership, you may refigure the combined "annual gross sales" under section 30 (a) for those remaining in

operation. If the combined "annual gross sales" are not \$500,000 or more, you may then determine your group for each store, treating each as an "independent" store.

(3) If you find that any store is now in another group, you may refigure all of your ceiling prices for that store before the opening of business on any Thursday. For "dry grocery" items, you must use as your "net cost" the same "net cost" you used in figuring your existing ceiling prices. For "perishable" items, you must use as your "net cost" the same "net cost" which you would have used in refiguring your ceiling prices on that Thursday under section 8 of this regulation if a Group 4 store (or under section 8 of Maximum Price Regulation No. 423 if a Group 1 or Group 2 store) If, under that section, you would not have been required to refigure your ceiling price for any "perishable" item on that Thursday, you must use as your "net cost" for that item the same "net cost" on which your existing ceiling price is based. Further, if any store is now in Group 1 or Group 2, it is subject to all other provisions of Maximum Price Regulation No. 423.

[Paragraph (d) added by Am. 9, 8 F.R. 15507, effective 11-20-43]

Sec. 32. *Taxes.* You may collect, in addition to your ceiling price, any tax upon or incident to a sale at retail of food covered by this regulation if you state the tax separately, and if the statute or ordinance does not prohibit sellers from stating and collecting the tax separately from the price.

Sec. 33. *Transfer of business and stock in trade.* If, after August 5, 1943, you acquire in any way the business, assets, and stock in trade of any retail store covered by this regulation and you carry on the business, or continue to deal in the same type of food products in that same store, your ceiling prices shall be the same as those of the former owner if no transfer had taken place. You must keep all the records needed to verify your ceiling prices. (b) *Instructions for use of Table A, Table B, and Table C.* Tables A and B contain the mark-ups for all commodities in this regulation. Note that some mark-ups are percentage mark-ups and some are dollars-and-cents mark-ups. Table C is included to assist you in determining ceiling prices without burdensome calculations, where the mark-up given is a percentage mark-up.

Table A lists by commodity groups the "dry groceries" covered by this regulation and the mark-ups to be used by Group 3 and Group 4 retailers in figuring their ceiling prices. Table B gives the same information for "perishables." However, in addition, Table B also lists the selling units, on the basis of which retailers must figure their net costs and ceiling prices for "perishables." For a detailed list of the items in each commodity group, see "Commodity definitions of dry groceries" printed immediately after Table A, and "Commodity definitions of perishables" printed immediately after Table B. After you have determined your "net cost" for an item in accordance with the method set up in this regulation, find your proper mark-up in the commodity group which includes the item you are pricing. Commodity groups are listed at the left of Table A and Table B. Directly opposite each commodity group you will find either a percentage mark-up or a dollars-and-cents mark-up for your group of retailers.

If a percentage mark-up is shown, you get your ceiling price for the item by turning to Table C, which shows the ceiling price for all items with per unit net costs ranging from  $\frac{1}{2}\text{¢}$  to 50¢. Percentage mark-ups over net cost are listed in the column at the extreme left of Table C, and "net cost" across the top of the table. "Net cost per unit" means, in the case of dry groceries, the "net cost" of a single unit (one can, one jar, etc.) For perishables, it means the "net cost" of the selling unit listed in the last column of Table B.

To determine your ceiling price from Table C, find your net cost at the top of the table. Go down that column until you come to the figure (in that column) on the same line as your mark-up. The figure at that point is your ceiling price for the item.

If your net cost per unit is more than 50¢, you cannot use Table C to get your ceiling price. In those cases, you must (1) multiply your net cost by your percentage mark-up, (2) add the result to your net cost, and (3) round the sum to the nearest whole cent. For perishables, your net cost must be in terms of the selling unit specified in Table B.

If the mark-up specified for an item is a dollars-and-cents mark-up, you cannot use Table C to get your ceiling price. In those cases, you simply add the stated amount of mark-up to your "net cost." If your ceiling price so figured results in a fraction of a cent, you may, in making

sales of the "selling unit" charge the next higher cent.

*Example (1).* A Group 3 retailer wishes to figure a new ceiling price for "xx" Brand, No. 2 can tomatoes, 1942 pack, which he must put into effect by August 5, 1943, in accordance with section 3. His most recent purchase of a customary quantity of this item from a customary type of supplier delivered to his usual receiving point was a carload purchased from a packer and delivered at a cost of \$2.00 a case (24 cans) on July 20, 1943. He must first figure, to the nearest half-cent, his "net cost" on a single unit basis (sec. 4 (a) (2)), that is, for a single can. He therefore divides the cost for the case, \$2.00, by the number of single units in the case, 24, and gets a result of \$0.0833, before rounding. Rounding to the nearest half-cent, this becomes \$0.085. (If the figure had been \$0.0821 before rounding, he would have rounded to \$0.080.) He then turns to Table A to find the mark-up to be applied to his net cost. Going down the column at the left of Table A he will find a listing of the commodity group which includes the item he is pricing. For canned tomatoes this group is "Corn, green and wax beans, peas, tomatoes, and tomato juice, canned." Going across the page on that line, he will find his mark-up for the item in the column for Group 3 retailers. In this case, his mark-up is 21 percent. Having his mark-up and net cost, Table C will give him his ceiling price without further computations. Checking across the top of Table C, he will find a column headed by his net cost, \$0.085. Going down this \$0.085 column until he comes to the figure on the same line as his percentage mark-up of 21 percent listed in the column at the extreme left of Table C he will find his ceiling price for the item to be 10 cents per can:

*Example (2).* A Group 3 retailer wishes to figure a ceiling price for California yellow globe dry onions, U. S. #1, which he must use during the period, August 19, 1943, (Thursday) to August 26, 1943 (Wednesday), inclusive. He must first find the net cost of his selling unit based on his largest purchase during the seven days preceding Thursday, August 19. During the preceding week he made a purchase of 250 bags of 50 pounds each of California yellow globe dry onions, U. S. #1, at a delivered cost of \$2.98 per bag, a purchase of 150 bags of the same grade and variety of onions at a delivered cost of \$3.02 a bag, and another purchase of the same item of 200 bags at a delivered cost of \$2.97 a bag. His largest purchase, therefore, was the purchase of the 250 bags. He must figure his net cost on the basis of the selling unit listed in Table B, which for onions is 3 pounds. He divides his cost per 50-pound bag in his largest purchase, \$2.98, by 50, to get a result of \$0.0596, which would be his cost per pound. Multiplying this by 3 he gets, before rounding, a figure of \$0.1788, his cost for 3 pounds. Since net cost is to be figured to the nearest half-cent, he would then round this figure to \$0.180. Having his net cost and his mark-up (obtained from Table B) he finds his ceiling price in Table C in the same way as he did in Example (1) above. Going to Table C, he will find that 25 cents is the ceiling price for an item with a net cost of \$0.180 and a mark-up of 40 percent.

*Example (3).* A Group 3 retailer wishes to figure his ceiling price for California green peas for the period May 4th through May 10th. His largest purchase during the preceding week was a purchase of ten bushel baskets at \$4.05 per basket. His selling unit for green peas, given in Table B, is 1 pound.

He therefore divides his cost per basket (\$4.05) in his largest purchase during the preceding week, by 28 (the minimum net weight of a bushel basket of green peas). This results in \$0.144, which is rounded to  $14\frac{1}{2}$  cents. He then looks in Table B for the mark-up for green peas, which is \$0.050. This mark-up, 5 cents, added to the net cost per selling unit of 1 pound,  $14\frac{1}{2}$  cents, gives him  $19\frac{1}{2}$  cents. Therefore his ceiling price per pound of California green peas for the period May 4th through May 10th is  $19\frac{1}{2}$  cents. In selling 1 pound, he may charge 20 cents. However, if he sells 2 pounds, he may charge no more than 39 cents ( $2 \times 19\frac{1}{2}\text{¢}$ ).

**SECTION 1. What this regulation does.** This regulation fixes new ceiling prices for the "dry groceries" listed in Table A and the "perishables" listed in Table B for all "independent" retail stores doing an annual business of under \$250,000. These new ceiling prices are to be used instead of the ceiling prices figured under any other price regulation or order issued by the Office of Price Administration (hereinafter called OPA) except as otherwise provided in any order fixing dollars-and-cents ceiling prices which has been or which may be issued by the OPA pursuant to General Order No. 51.<sup>5</sup> All other retail stores (Group 3 and Group 4 stores) selling these food products are covered by Maximum Price Regulation No. 422.

**SEC. 2. How you find out whether your store is covered by this regulation and what group it is in—(a) What stores are covered.** Your store is covered by this regulation if it is a Group 1 or 2 store as defined below and if you are a retailer who buys and resells food products, generally without materially changing their form, for the most part to ultimate consumers who are not commercial, industrial or institutional users. The provisions of this regulation apply to "retail route sellers" only with respect to fresh fruits and vegetables. However, this regulation does not apply to "health food stores" or to automatic vending machines or farmers selling produce grown on their own farms.

[Paragraph (a) amended by Am. 16, 9 F.R. 4217, effective 4-27-44.]

**(b) What are Group 1 and 2 stores.** For the purpose of this regulation, Group 1 and 2 stores are defined as follows:

**(1) Group 1.** Your store is in Group 1 if it is an "independent" store with "annual gross sales" of less than \$50,000. Your store is an "independent" store if it is not one of 4 or more stores under one ownership whose combined "annual gross sales" are \$500,000 or more.

**(2) Group 2.** Your store is in Group 2 if it is an "independent" store with "annual gross sales" of \$50,000 or more, but less than \$250,000.

(If you are not sure what group your store is in, use the directions in section 20 for figuring the "annual gross sales" of your store. See section 25 for definitions of Group 3 and Group 4 retailers.)

<sup>5</sup> Revised: 9 F.R. 408.

<sup>6</sup> 8 F.R. 9395, 10569, 10987, 12443, 12611, 13294, 15251, 14853, 15586, 15607, 17369, 17370; 9 F.R. 95.

**(c) How to post a sign of the group your store is in.** At all times, you must have the group your store is in under this regulation posted on a sign reading "OPA-1" or "OPA-2" whichever it is, or on a sign which the OPA may furnish to you. The sign must be posted so that it can be clearly seen by your customers. (The word "Group" as used in this regulation means the same thing as the word "Class" meant in Revised Maximum Price Regulation No. 238<sup>6</sup> and in Revised Maximum Price Regulation No. 268.

**(d) When you may choose to treat your store as a Group 3 or 4 store.** You may choose to treat your store as either a Group 3 or Group 4 store under Maximum Price Regulation 422 and post a sign in your store as a member of such other group if you:

(1) Figure your ceiling prices for all the items listed in Tables A and B of this regulation as a member of the group you choose;

(2) Use the ceiling prices fixed for that group in Maximum Price Regulation No. 390<sup>7</sup> for all the household soaps and household cleansers it covers;

(3) Use the ceiling prices for "Group 3 and 4" stores fixed in Maximum Price Regulation Nos. 336<sup>8</sup> and 355<sup>9</sup> for all the meat items they cover;

(4) Use all the dollars-and-cents ceiling prices fixed under the OPA community price orders issued for stores in the group you choose; and

(5) Notify your nearest OPA District Office of these facts.

#### Dry Groceries

**Sec. 3. How and when you figure your ceiling prices for "dry groceries"—(a) General rule.** Your ceiling price for each item (that is, for each kind, brand, grade, variety, container-type and container-size) of "dry groceries" listed in Table A shall be the total of (1) the "net cost" you have to pay for the first delivery to you of the item on or after August 5, 1943, plus (2) the mark-up given you for it in Table A.

**(b) When you must figure your ceiling prices for "dry groceries."** You must figure and put into effect a new ceiling price for each item of "dry groceries" listed in Table A not later than 5 days after receiving the first delivery of the item on or after August 5, 1943. Until then keep your present ceiling prices. Figure your new ceiling price by following the directions in section 4.

**SEC. 4. Directions for applying the rule for "dry groceries"**—(a) *Old prices.* Keep your old ceiling price until you put into effect your new ceiling price based on the first delivery of the item to you on or after August 5, 1943. Treat as a separate item each kind, brand, grade, variety, container-size and container-type of "dry groceries"

(b) *Net cost.* To figure your new ceiling price, first find the "net cost" of the item based on its first delivery to you on or after August 5, 1943. Your net cost will be the amount you pay your supplier less all discounts except the discount for prompt payment plus all transportation charges you pay except local trucking and local unloading.

(1) Your net cost must be figured on purchases of a customary quantity from a customary type of supplier delivered to your "usual receiving point" by a customary means of delivery. If the first delivery of an item to you on or after August 5, 1943, is not one of this type, you shall not use the net cost of that purchase as the basis for figuring your ceiling price. Instead, in that case, you must find out what your net cost would have been if that purchase had been of a customary quantity from your customary type of supplier delivered to your usual receiving point by a customary means of delivery, and use that figure as your net cost in figuring your ceiling price for the item. Of course, you must never figure your net cost on a purchase made at a price higher than your supplier's ceiling.

(2) Figure the net cost on a single unit basis (that is, per can, per pound, per package, per jar, etc.) to the nearest half-cent. Your invoice cost may be the cost of a carton, case or barrel for instance, and not the cost of the package, can, or other unit you sell. Find the net cost of the single unit you sell by dividing the cost for the carton, case or barrel by the number of units in the carton, case or barrel.

(c) *Mark-up.* Turn to Table A to find the mark-up for the item given your group of stores. Table A lists all the "dry groceries" covered by this regulation by commodity groups.

(d) *Ceiling prices.* Next turn to Table C. Using the directions given there, you will get your ceiling price for the item. You must not change this ceiling price unless OPA authorizes you to do so. (Section 6 tells you when you can change it.)

(e) *Invoices.* You must write your "net cost" per unit either on your invoice or other record of the price you paid for the item or on a separate slip of paper and attached to that invoice or other record. You must keep separate, or mark or tag plainly, all invoices or records showing the net cost per unit which you used in figuring your ceiling prices. These invoices and records you used in figuring your ceiling prices are your means of proving that your ceiling prices are right.

**SEC. 5. How you figure your ceiling prices for items of "dry groceries" not kept in stock.** If you have already figured a ceiling price under this regulation for an item of "dry groceries" which you have not had in stock for 60 days, you may, if you wish, figure a new ceiling price when next you purchase it. Do this by following directions in section 4, using, however, the "net cost" you had to pay for your new purchase.

**SEC. 6. When you may change a ceiling price**—(a) *Official notification.* If OPA changes a supplier's ceiling price for an item covered by this regulation, it may direct retailers to refigure their ceiling prices for the item. You may not refigure your ceiling price under this paragraph until you receive written notice requiring you to do so. Ordinarily a written notice telling you to refigure your ceiling price will come to you directly from your supplier or the manufacturer. You will find it inside or attached to the carton, case or barrel containing the item, or it will be sent to you with the invoice. After actually receiving the item for the first time with such a notice, you must, before selling the item, refigure your new ceiling price by following the directions in section 4, figuring your "net cost" however, on that first delivery. You must write this new ceiling price on the invoice covering that delivery. Be sure to keep this notice attached to your invoice or other record showing the price you paid for the item. Even though you received later shipments with the same notice you must not change your ceiling price again.

(b) *Special deals.* If your ceiling price for an item was based on a delivery to you at a "special deal" price, you may refigure your ceiling price when you receive your first delivery of that item after the termination of the "special deal." In refiguring your ceiling price, you must follow the directions in section 4, figuring your "net cost" however, on the first delivery to you of the item after the termination of the "special deal."

A "special deal" price means a reduced price, in effect for an announced period of not more than 90 days, to all purchasers of the same class, which price was made for the purpose of introducing a new commodity not theretofore on the market, or resulting from offers of free goods or combination sales. No price resulting from a discount for quantity purchases shall be considered a "special deal" price.

[Sec. 6 amended by Am. 11, 8 F.R. 17371, effective 1-8-44, except that paragraph (b) shall be effective 12-29-43]

#### Perishables

**SEC. 7. How and when you figure your ceiling prices for "perishables"**—(a) *General rule.* Your ceiling price for each item (that is, for each kind, brand, variety, and grade) of "perishables" listed in Table B shall be the total of (1) the "net cost" of the largest delivery of the

item to you during the week before, plus (2) the mark-up given you for it in Table B.

(b) *When you must figure your ceiling prices.* By the opening of business on August 5, 1943, you must have figured your ceiling price for each item of "perishables" listed in Table B which you have in stock at that time. These ceiling prices must be checked each week after August 5, 1943, and changed on Thursday of each week for any item if your "net cost" of that item has changed in the preceding seven days. Never change your ceiling price on any day but Thursday.

For items which you receive for the first time or which you have not had in stock for 30 days, you must figure and use a ceiling price at once using the net cost of that first delivery. On each Thursday after that you must treat the item as you would any other item of perishables covered under this regulation.

**SEC. 8. Directions for applying the rule for "perishables"**—(a) *"Net cost"* To figure your ceiling price, first find the "net cost" of the largest delivery to you of the item during the seven day period before the Thursday for which you are figuring your price. If you have received more than one delivery of the same largest quantity, use the most recent of these deliveries. Your net cost will be the amount you paid your supplier less all discounts except the discount for prompt payment, plus all transportation charges you paid, which may include costs for icing, refrigeration, and ventilation, but which may not include costs for local trucking and local unloading. Of course, you must never figure your net cost on a purchase made at price higher than your supplier's ceiling.

[Paragraph (a) amended by Am. 7, 8 F.R. 15252, effective 11-9-43]

(1) Your net cost must be based on purchases delivered to your usual receiving point.

(2) Figure the net cost on the basis of the "selling unit" (for example, 5 lbs., 1 dozen, etc.) listed in Table B for the commodity group which includes the item you are pricing. Always figure net cost to the nearest half cent.

(3) If you have received no delivery of any item which you have in stock at the opening of business on August 5, 1943, during the week before, you shall, in figuring your first ceiling price for the item on August 5, 1943, base your net cost on its most recent delivery to you.

(b) *Mark-up.* Turn to Table B to find the mark-up for the item given for your group of store. Table B lists all the "perishables" covered by this regulation by commodity groups. Note that some mark-ups are percentage mark-ups, while others are dollars-and-cents additions per "selling unit" which you make to your net cost.

(c) *Ceiling price*—(1) *Percentage mark-ups.* If the item has been given a

percentage mark-up in Table B, turn to Table C. Using the directions given there, you will get your ceiling price for the item.

(2) *Dollars-and-cents mark-ups.* If the item has been given a dollars-and-cents mark-up in Table B, instead of a percentage mark-up, do not use Table C to get your ceiling price. You will get your ceiling price for the item by adding the named dollars-and-cents mark-up in Table B to your "net cost." If your ceiling price so figured results in a fraction of a cent, you may, in making sales of the "selling unit" charge the next higher cent.

(3) *Sales in other quantities.* You may sell an item in a quantity other than the "selling unit" given in Table B. If you sell an item in a quantity other than the "selling unit" given in Table B, you must reduce or increase your ceiling price proportionately. (For example, if your ceiling price for an item of potatoes is 20 cents for 5 pounds, the "selling unit" and you make a sale of 3 pounds of these potatoes, take three-fifths of your ceiling price for 5 pounds, 20 cents, and the resulting figure of 12 cents would be your ceiling price for the 3-pound sale. If you make a sale of 10 pounds, multiply 20 cents by 2, and the resulting figure of 40 cents would be your ceiling price for the 10-pound sale.) If figuring a price for a quantity different from the "selling unit" results in a fraction of a cent, you may charge the next higher cent.

[Paragraphs (b) and (c) amended by Am. 16, 9 F.R. 4217, effective 4-27-44.]

**SEC. 9. Price which you must post.** At all times you must have your current selling price for each item of food covered by this regulation clearly shown on the item or at or near the place in your store where the item is offered for sale. Of course, this posted price must never exceed your ceiling price.

[Sec. 9 amended by Am. 18, effective 5-25-44]

**SEC. 10. Additions allowed for deliveries made by you to your customers.** (a) If you deliver to your customers' homes or places of business any of the items covered by this regulation, you may add to the total value of the delivery, as a separate charge, whichever of the following amounts applies:

Value of delivery*	Addition allowed
\$0.00-\$1.99	No addition
\$2.00-\$2.99	10¢
\$3.00-\$4.49	15¢
\$4.50-\$5.49	20¢
Over \$5.49	25¢

(b) If you make such deliveries and add such charges, you are required to keep for one month a copy of each sales slip or invoice, itemizing clearly your prices for the items delivered and the amount of the delivery charges permitted under the provisions of this section.

**SEC. 11. Indirect price increases prohibited.** You must not evade any of the

provisions of this regulation or any order issued pursuant to it by any stratagem, scheme, or device. You must not, as a condition of selling any particular food, require a customer to buy anything else. Any such evasion is punishable as a violation of this regulation.

You must not use an unnecessarily high "net cost" in figuring a ceiling price under this regulation. If you make such a high cost purchase, you must find out what your net cost as used in section 4 or 8 would be and use that net cost to figure your ceiling price. You may never use the "net cost" of a purchase from another retailer to figure a ceiling price.

**SEC. 12. Sales slips and receipts.** If you have customarily given a purchaser a sales slip, receipt or similar evidence of purchase, you must continue to do so. Furthermore, regardless of your custom, you must give any customer who asks for it a receipt showing the date, your name and address, each food item sold and the price you charged for it.

**SEC. 13. Records.** After August 5, 1943, you must keep for one year after you receive them all your invoices, freight bills, and other records showing the price you paid and the date you received delivery of each item covered by this regulation.

You are required to show all your invoices on request of any OPA representative and to furnish on request of any OPA representative a written record of your ceiling price in effect at any particular time or times for any or all of the items covered by this regulation. You must also keep available for inspection by an OPA representative the records you used in deciding what group your store is in.

**SEC. 14. Licensing.** The provisions of Licensing Order No. 1,<sup>30</sup> licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension, make any sale for which his license has been suspended.

[Sec. 14 amended by Supplementary Order No. 72, 8 F.R. 13244, effective 10-1-43]

**SEC. 15. Prohibitions.** On and after August 5, 1943, if you sell or deliver or offer to sell or deliver at a price higher than your ceiling price fixed by this regulation or any order issued pursuant to it, or if you otherwise violate any provisions of this regulation or any order issued pursuant to it, you are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended. Also, any person, who, in the course of trade or business, buys from you at a price higher than

<sup>30</sup> 8 F.R. 13240.

your ceiling price is subject to the criminal penalties and civil enforcement actions provided for by that act.

**SEC. 16. Notice of dollars-and-cents ceiling prices.** From time to time the OPA may, by order issued pursuant to General Order No. 51,<sup>31</sup> fix in your region or community dollars-and-cents ceiling prices for some or all of the dry groceries or perishables under this regulation. When these dollars-and-cents prices are fixed, you may not thereafter sell at higher prices, and these orders may also provide that such prices take the place of the ceiling prices which you have under this regulation. If such orders do not provide that they replace your prices under this regulation, you must continue to figure your prices under this regulation. If the OPA has, before the effective date of this regulation, established a ceiling price for you for an item pursuant to such an order, you shall use that as your ceiling price and shall not figure a ceiling price under this regulation for the item.

**SEC. 17. Further provisions supplementing or explaining this regulation.** From time to time, the Price Administrator may, by amendment, issue further provisions which will supplement the provisions of this regulation or explain the rights and duties of buyers and sellers under it. These further provisions will become part of this regulation and may be added as paragraphs to this section.

(a) Whenever an amendment adds any food product to the list of items covered in Table A, you must figure your ceiling price for that food product in accordance with sections 3, 4 and 5. However, in doing so, you shall substitute the effective date of such amendment for the date August 5, 1943, whenever it appears in sections 3, 4 and 5.

(b) Whenever an amendment changes either a commodity definition in Table A by transferring a food product from one commodity group to another or the mark-up for your group of retailers, you must refigure your ceiling prices for the items affected by such amendment in accordance with section 4, basing your "net cost" on the first delivery to you of such items after the effective date of the amendment.

[Paragraph (a) and (b) added by Am. 7, 8 F.R. 15252, effective 11-8-43]

(c) Effective May 25, 1944, this regulation requires that the year 1943 be used as the basis for figuring your "annual gross sales" instead of the year 1942. If you find that, as a result of that change, your store is in a group different from the one it was in before, you must, by the opening of business on Thursday, June 15, 1944, refigure all of your ceiling prices. For "dry grocery" items you must use as your "net cost" the same

<sup>31</sup> Revised: 9 F.R. 408.

"net cost" you used in figuring your existing ceiling prices. For "perishable" items you must use as your "net cost" the same "net cost" you would have used in refiguring your ceiling prices on that Thursday under section 8 of this regulation (or under section 8 of Maximum Price Regulation No. 422 if you become a Group 3 or Group 4 store). If, under that section, you would not have been required to refigure your ceiling price for any "perishable" item on that Thursday, you must use as your "net cost" for that item the same "net cost" on which your existing ceiling price is based. Further, if any store becomes a Group 3 or Group 4 store, it is on and after June 15, 1944, subject to all other provisions of Maximum Price Regulation No. 422.

#### ARTICLE II—SPECIAL PRICING PROVISIONS

(You may obtain a copy of Maximum Price Regulation No. 422 from your nearest OPA District Office.) The sections of that regulation which you must follow if they apply to you are as follows:

(a) SECTION 18. *Additions for packaging.* (Applies to you if you package any item under this regulation in cardboard containers, cotton bags, transparent bags, interlined coffee bags, or certain Kraft bags or similar type bags, or if you carton eggs.)

(g) SECTION 25. *How you figure your ceiling prices for foods you "manufacture or otherwise process."* (Applies to you if you manufacture or process any of the foods covered by this regulation.)

(h) SECTION 26. *Mail order sales.* (Applies to you if you make mail order sales.)

[Paragraph (j) added by Am. 12, 9 F.R. 95, effective 12-31-43]

SEC. 18a. *How you figure ceiling prices for items if you are also a wholesaler and receive such items from a warehouse owned or controlled by you.* (a) If, prior to March 1942, you owned or controlled a warehouse physically separate and apart from your retail store, and you acted as a wholesaler distributing from such warehouse, food products to independent retail stores not owned or controlled by you, and you still own or control such a warehouse, you may, in figuring your ceiling price for each item customarily obtained by you from such warehouse and sold by you from your retail store to the ultimate consumer other than commercial, industrial or institutional users, use as the basis of your "net costs" the net cost you used in figuring your ceiling prices for your wholesale

sales under Maximum Price Regulation No. 421,<sup>2</sup> plus the mark-up allowed in that regulation for a Class 1 (retailer-owned cooperative) wholesaler. To get your ceiling prices, reduce the resulting figure to the "net cost" of a single unit and apply the mark-up for your group of retailer as set forth in section 4.

(b) For any item so obtained for which you have already figured a ceiling price under this regulation, you must refigure your ceiling price on or before October 14, 1943, using as the basis of your "net cost" the same "net cost" you used in figuring your present ceiling prices for your wholesale sales under Maximum Price Regulation No. 421, plus the mark-up allowed in that regulation for a Class 1 (retailer-owned cooperative) wholesaler. To get your ceiling price, reduce the resulting figure to the "net cost" of a single unit and apply the mark-up for your group of retailer as set forth in section 4.

(c) Within 10 days after you first figure your prices in accordance with the provisions of this section, you must notify your nearest district office in writing that you have so figured your prices.

[Sec. 18a added by Am. 5, 8 F.R. 13294, effective 10-4-43]

#### ARTICLE III—MISCELLANEOUS PROVISIONS

SEC. 19. *How certain stores, where necessary to assure an adequate supply of food in a locality, may apply for mark-up adjustments.* (a) If your store is necessary to provide an adequate supply of food products in a locality; and by reason of remote location, long-term credit, short selling season, or other such unusual operating conditions, you find it impossible to operate under the mark-ups fixed by this regulation you may apply for an adjustment of such mark-ups by filing with your nearest District OPA office two copies of a signed statement giving for your store: (1) its name and address; (2) its group under this regulation; (3) its type (for example, cash-and-carry service, delicatessen); (4) the approximate number of its food customers; (5) the total number of stores selling food in its community; (6) its distance from the nearest store selling food and the name and address of that store; and (7) the reasons why you are unable to operate under the mark-ups fixed by this regulation.

If you have more than one store you may file one application for all your stores which meet the conditions stated above. Your application must state separately for each store the specific information this section calls for.

(b) Any Regional Office of the OPA, or such offices as may be authorized by order issued by the appropriate Regional Office, may act on all applications for ad-

<sup>2</sup> 8 F.R. 9388, 10569, 10937, 13293, 15250, 15607, 17368, 17367.

justment under the provisions of this regulation. Applications for adjustment are governed by Revised Procedural Regulation No. 1.<sup>23</sup>

Sec. 19a. *Regional adjustment of poultry mark-ups.* Each Regional Administrator of the OPA is hereby authorized to reduce the mark-ups listed in Table B in section 28 (a) for retailers in any area or locality within his jurisdiction for sales of any poultry items in connection with adjustments made pursuant to § 1429.14 (e) of Revised Maximum Price Regulation No. 269,<sup>24</sup> whenever such action is necessary to prevent an increase in the ceiling prices at which such poultry items may be sold by retailers.

[Sec. 19a added by Am. 1, 8 F.R. 10570, effective 8-5-43]

Sec. 20. *How you find the "annual gross sales" of your store.* (a) To find your "annual gross sales" take your total sales for the calendar year 1943. Include all sales as shown on your books, except sales made by a restaurant operated in conjunction with your store. You can use your Federal Income Tax Return to get your gross sales for all or part of the calendar year 1943 which is covered by such return. If you own more than one store, figure the sales for each store separately, treating each as a separate retailer.

(b) If you were not in business during the entire year 1943, you must divide your total sales from the time you began operation up to May 25, 1944, by the number of weeks you were in business. This will get you your weekly average sales. Multiply this figure by 52, and the result is your "annual gross sales"

[Sec. 20 amended by Am. 18, effective 5-25-44]

Sec. 21. *How you determine your group in certain special cases—(a) Department stores.* If you operate a department store, that is, a store in which the greater volume of sales is general merchandise and not foods, and you sell foods in a separate department or departments, you must determine your group by using only the "annual gross sales" of your food department or departments.

(b) *Stores in which more than one retailer operates.* (1) If you sell food in a retail store in which there are other food retailers, none of whom sells a complete line of the same general class of food, you must find your group by taking the combined "annual gross sales" of all the food retailers in that store.

(2) If you sell foods in a retail store in which more than one retailer sells a complete line of the same general class of food, you will be considered as operating a separate retail store of your own,

and you must determine your group by using only your own sales.

(c) *New stores.* If you open a retail store after May 25, 1944, you may consider yourself a Group 1 or Group 3 retailer, depending upon whether or not at that date your store is an "independent" store, and you must figure your ceiling prices accordingly. (If you are a Group 3 store, you must figure your ceiling prices under Maximum Price Regulation No. 422.) However, after you have been in business for 3 months, you must determine again what group your store is in. To do this, take your total sales in the new store for the 3-month period and multiply by 4. Use the result as your "annual gross sales" in determining the group in which your store belongs.

Furthermore, if by reason of the new store you now are one of 4 or more stores under one ownership, you must at the end of the 3-month period refigure the combined "annual gross sales" for all your stores. If the combined "annual gross sales" are \$500,000 or more, all of your stores must then be considered as Group 3 or Group 4 stores. You may continue to use the existing ceiling prices in each store until the second Thursday following the end of the 3-month period, by which time you must have refigured all of your ceiling prices in each store, using the mark-ups for its proper group.

If you find that only the new store should now be in another group, you may continue to use the Group 1 mark-ups until the second Thursday following the end of the 3-month period, by which time you must have refigured all your ceiling prices using the mark-ups for the new group in which this store falls.

In refiguring your ceiling prices as required above, for "dry grocery" items you must use as your "net cost" the same "net cost" you used in figuring your existing ceiling prices. For "perishable items" you must use as your "net cost" the same "net cost" which you would have used in refiguring your ceiling prices on that Thursday under section 8 of this regulation if a Group 1 store (or under section 8 of Maximum Price Regulation No. 422 if a Group 3 store). If, under that section, you would not have been required to refigure your ceiling price for any item on that Thursday, you shall use as your "net cost" for that item the same "net cost" on which your existing ceiling price at that time is based.

[Paragraph (c) amended by Am. 10, 8 F.R. 15608, effective 11-20-43; and Am. 18, effective 5-25-44]

Sec. 22. *Taxes.* You may collect, in addition to your ceiling price, any tax upon or incident to a sale at retail of food covered by this regulation, if you state the tax separately, and if the tax statute or ordinance does not prohibit sellers from stating and collecting the tax separately from the price.

Sec. 23. *Transfer of business and stock in trade.* If, after August 5, 1943, you acquire in any way the business, assets, and stock in trade of any retail store covered by this regulation and you carry on the business, or continue to deal in

the same type of food products in that same store, your ceiling prices shall be the same as those of the former owner if no transfer had taken place. You must keep all the records needed to verify your ceiling prices. The former owner must either preserve and make available to you, or give you, all the records of his transactions before you acquired the store which you need to comply with the record provisions of this regulation.

If the transfer changes the business from one group of retail store to another, your ceiling prices shall be those for the group of retailers to which you belong under this regulation.

Sec. 24. *Relation to other regulations.* The provisions of this Maximum Price Regulation No. 423, except as otherwise provided in this regulation, shall, on and after August 5, 1943, supersede the provisions of Revised Maximum Price Regulation No. 238, Maximum Price Regulation No. 250,<sup>25</sup> Revised Maximum Price Regulation No. 256,<sup>26</sup> Revised Maximum Price Regulation No. 268, the General Maximum Price Regulation,<sup>27</sup> and any other applicable price regulation or order issued by the OPA except any order issued pursuant to General Order 51,<sup>28</sup> with respect to sales and deliveries for which ceiling prices are established by this regulation.

Sec. 25. *Definitions—(a) Retail route seller.* A "retail route seller" is a retailer who distributes food products to ultimate consumers other than commercial, industrial or institutional users, either on a future delivery basis or otherwise, from an inventory stocked in trucks or other conveyances operated by driver-salesmen over regular routes. A retailer, most of whose business is the personal solicitation of orders by salesmen calling at the homes or places of business of ultimate consumers, who are not commercial, industrial or institutional users, shall also be considered a retail route seller. A retailer is a "retail route seller" only of the food products he sells in this way.

(b) *Health food stores.* A "health food store" is one whose sales to consumers consist principally of especially prepared vitamin-enriched foods customarily included in the trade term "health foods" which are usually sold for special dietary purposes.

(c) *Delivery.* Delivery of an item covered by this regulation shall be considered to have occurred when the item has been received by you at your usual receiving point.

(d) *Usual receiving point.* Your usual receiving point will be either your retail store or your warehouse from which you supply your retail stores, depending upon where you normally receive the particular item you are pricing under this regulation.

(e) *Item.* You must determine a separate ceiling price for each item; that is,

for each kind, brand, size, variety, grade, container-type, and container-size, except for fresh fruits and vegetables. Separate fresh fruit and vegetable items shall be those defined as separate in the definitions accompanying Table B.

(f) *Manufacture, or otherwise process.* "Manufacture or otherwise process" shall mean blending, freezing, canning, preserving, bottling, milling, crushing, straining, roasting, centrifuging, cooking, distilling, purifying with heat, and other similar operations.

Packaging as referred to in section 18, ripening of bananas, printing of butter, candling and grading of eggs, and killing and dressing of poultry shall not be considered manufacturing or processing under this regulation.

(g) *Group 3 retailer.* A retailer is in Group 3 if he has an "annual gross sales" of less than \$250,000 and he is not an "independent" retailer.

(h) *Group 4 retailer.* A retailer is in Group 4, whether "independent" or not, if he has an "annual gross sales" of \$250,000 or more.

SEC. 26. *Geographical applicability.* The provisions of this regulation shall apply to the 48 states of the United States and to the District of Columbia.

(b) *Instructions for use of Table A, Table B, and Table C.* Tables A and B contain the mark-ups for all commodities in this regulation. Note that some mark-ups are percentage mark-ups and some are dollars-and-cents mark-ups. Table C is included to assist you in determining ceiling prices without burdensome calculations, where the mark-up given is a percentage mark-up.

Table A lists by commodity groups the "dry groceries" covered by this regulation and the mark-ups to be used by Group 1 and Group 2 retailers in figuring their ceiling prices. Table B gives the same information for "perishables." However, in addition, Table B also lists the selling units, on the basis of which retailers must figure their net costs and ceiling prices for "perishables." For a detailed list of the items in each commodity group, see "Commodity definitions of dry groceries" printed immediately after Table A, and "Commodity definitions of perishables" printed immediately after Table B. After you have determined your "net cost" for an item in accordance with the method set up in this regulation, find your proper mark-up in the commodity group which includes the item you are pricing. Commodity groups are listed at the left of Table A and Table B. Directly opposite each commodity group you will find either a percentage mark-up or a dollars-and-cents mark-up for your group of retailers.

If a percentage mark-up is shown, you get your ceiling price for the item by turning to Table C, which shows the ceiling price for all items with per unit net costs ranging from  $\frac{1}{2}\text{¢}$  to 50¢. Percentage mark-ups over net costs are listed in the column at the extreme left of Table C, and "net cost" across the top of the table. "Net cost per unit" means, in the case of dry groceries, the "net cost" of a single unit (one can, one jar, etc.) For perishables, it means the "net cost" of the selling unit listed in the last column of Table B.

To determine your ceiling price from Table C, find your net cost at the top of the table. Go down that column until you come to the figure (in that column) on the same line as your mark-up. The figure at that point is your ceiling price for the item.

If your net cost per unit is more than 50¢, you cannot use Table C to get your ceiling price. In those cases, you must (1) multiply your net cost by your percentage mark-up, (2) add the result to your net cost, and (3) round the sum to the nearest whole cent. For perishables, your net cost must be in terms of the selling unit specified in Table B.

If the mark-up specified for an item is a dollars-and-cents mark-up, you cannot use Table C to get your ceiling price. In those cases, you simply add the stated amount of mark-up to your "net cost." If your ceiling price so figured results in a fraction of a cent, you may, in making sales of the "selling unit" charge the next higher cent.

*Example 1.* A Group 1 retailer wishes to figure a new ceiling price for "xx" Brand, No. 2 can, golden bantam cream style corn, 1942 pack. Section 3 requires a Group 1 or 2

retailer to keep his present ceiling price for a "dry grocery" item until he puts into effect a new ceiling price for the item based on the first delivery of the item to him after August 5, 1943. This new ceiling price must be put into effect not later than 5 days after receiving such delivery. In figuring this new ceiling price, his "net cost" must be based on a purchase of a customary quantity from a customary type of supplier delivered to his "usual receiving point" by a customary means of delivery. Therefore, if on August 7, 1943, a Group 1 retailer receives at his usual receiving point 5 cases of "xx" Brand, No. 2 can, golden bantam cream style corn, 1942 pack, which he has purchased from a wholesaler (his customary type of supplier), at a delivered cost of \$2.37 a case (24 cans) he must under Sections 3 and 4 figure and put into effect a new ceiling price for the item by August 12, 1943. This is the first delivery of a customary quantity of the item he has received since August 5, 1943 (from his customary type of supplier delivered to his usual receiving point by a customary means of delivery). He must first figure, to the nearest half-cent, his "net cost" on a single unit basis, Sec. 4 (b) (2), that is, for a single can. He therefore divides the cost for the case, \$2.37, by the number of single units in the case, 24, and gets a result of \$0.0987, before rounding. Rounding to the nearest half-cent, this becomes \$0.10. (If the figure had been \$0.0967 before rounding, he would have rounded to \$0.095.)

He then turns to Table A to find the mark-up to be applied to his net cost. Going down the column at the left of Table A he will find a listing of the commodity group which includes the item he is pricing. For canned corn, this group is "Corn, green and wax beans, peas, tomatoes, and tomato juice, canned." Going across the page on that line, he will find his mark-up for the item in the column for Group 1 retailers. In this case his mark-up is 25%. Having his mark-up and net cost, Table C will give him his ceiling price without further computations. Checking across the top of Table C, he will find a column headed by his net cost, \$0.10. Going down this \$0.10 column until he comes to the figure on the same line as the 25% mark-up listed in the column at the extreme left of Table C, he will find his ceiling price for the item to be 13¢ per can.

*Example 2.* A Group 1 retailer wishes to figure a ceiling price for round white potatoes to use during the period August 19, 1943, (Thursday) to August 26, 1943, (Wednesday) inclusive. He must first find the net cost of his selling unit based on his largest purchase during the seven days preceding Thursday, August 19. During the preceding week he made a purchase of 3 bags of 100 pounds each of white round U. S. No. 1 potatoes at a delivered cost of \$4.12 per bag, and another purchase of the same item of 1 bag at a delivered cost of \$4.33 per bag. His largest purchase, therefore, was the purchase of the 3 bags. He must figure his net cost on the basis of the selling unit listed in Table B, which for potatoes is 5 pounds. He divides his net cost per 100 pound bag in his largest purchase, \$4.12, by 100 to get a result of \$0.0412, which would be his net cost per pound. Multiplying this by 5 he gets, before rounding, a figure of \$0.2060, his cost for 5 pounds. Since net cost is to be figured to the nearest half-cent, he would then round this figure to \$0.205. Having his net cost and his mark-up (obtained from Table B) he finds his ceiling price in Table C the same way as he did in example (1) above. Going to Table C, he will find that 27 cents is the ceiling price for an item with a net cost of \$0.205 and a mark-up of 33 percent.

*Example 3.* A Group 1 retailer wishes to figure his ceiling price for California green peas for the period May 4th through May

10th. His largest purchase during the preceding week was a purchase of ten bushel baskets at \$4.45 per basket. His selling unit for peas, given in Table B, is 1 pound. He therefore divides his cost per basket (\$4.45) in his largest purchase during the preceding week, by 28 (the minimum net weight of a bushel basket of green peas). This results in \$0.158, which is rounded to 16 cents. He then looks in Table B for the mark-up for green peas, which is \$0.05½. This mark-up, 5½ cents, added to the net cost per selling unit of 1 pound, 16 cents, gives him 21½ cents. Therefore, his ceiling price per pound of California green peas for the period May 4th through May 10th is 21½ cents. In selling 1 pound, he may charge 22 cents. However, if he sells 2 pounds, he may charge no more than 43 cents (2 x 21½¢).

## PART 1382—HARDWOOD LUMBER

[MPR 223, incl. Amdts. 1-12]

## NORTHERN HARDWOOD LUMBER

This compilation of Maximum Price Regulation 223 includes Amendment 12, effective May 30, 1944. The text added or amended by Amendment 12, with the exception of the table in § 1382.163 (b) (12) is underscored.

In the judgment of the Price Administrator, it is necessary and proper to establish maximum prices for sales of Northern hardwood lumber by a specific maximum price regulation. The Price Administrator has ascertained and given due consideration to the prices of Northern hardwood lumber prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.\* Such specifications and standards as are used in this regulation were, prior to such use, in general use in the trade or industry affected.

[Preamble amended by Supplementary Order 61, 8 F.R. 12552, effective 9-11-43.]

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,<sup>3</sup> issued by the Office of Price Administration, Maximum Price Regulation No. 223 is hereby issued.

## Sec.

- 1382.165 Appendix C: Maximum prices for Northern hardwood lumber in "non-standard special" grades or items.
- 1382.166 Appendix D: Delivered prices and estimated average weights.

AUTHORITY: §§ 1382.151 to 1382.166, inclusive, issued under 56 Stat. 23, 765; Pub. Law 151, 78th Cong.; E.O. 9250, 7 F.R. 7871; E.O. 9328, 8 F.R. 4681.

§ 1382.151 *Maximum prices for Northern hardwood lumber* (a) On and after September 23, 1942, regardless of any contract or other obligation, no person shall sell or deliver any Northern hardwood lumber, where shipment originates at the mill rather than at a distribution yard, and no person shall buy or receive in the course of trade or business any Northern hardwood lumber so shipped, at prices higher than the maximum prices set forth in Appendices A to D hereof, inclusive, incorporated herein as §§ 1382.163 to 1382.166, inclusive; and no person subject to this Maximum Price Regulation No. 223 shall agree, offer, solicit or attempt to do any of the foregoing.

(b) The provisions of this Maximum Price Regulation No. 223 shall not be applicable to retail sales as defined in paragraph (a) (7) of § 1382.159.

(c) The provisions of this Maximum Price Regulation No. 223 shall not be applicable to sales or deliveries of Northern hardwood lumber to a purchaser, if prior to September 23, 1942, such lumber had been received by a carrier, other than a carrier owned or controlled by the seller, for shipment to such purchaser.

(d) The maximum prices established in this Maximum Price Regulation No. 223 shall not be increased by any charges for the extension of credit or by any decrease in the time customarily allowed for payment, and shall be decreased for prompt payment to the same extent that the sale price would have been decreased on October 1, 1941.

(e) [Revoked]

[Paragraph (e) added by Am. 7, 8 F.R. 10939, effective 8-10-43; revoked by Am. 8, 8 F.R. 14136, effective 10-15-43.]

§ 1382.152 *Less than maximum prices.* Lower prices than those set forth in this Maximum Price Regulation No. 223 may be charged, demanded, paid, or offered.

§ 1382.153 *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of shipment; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after shipment. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administra-

tion having authority to act upon the pending request for a change in price or to give the authorization.

The authorization will be given by order, except that it may be given by letter or telegram when the contemplated revision will be the granting of an individual application for adjustment.

[§ 1382.153 amended by Am. 3, 8 F.R. 2783, effective 3-4-43 and Supplementary Order 50, 8 F.R. 10568, 14310, effective 7-27-43.]

§ 1382.154 *Evasion.* (a) The price limitations set forth in this Maximum Price Regulation No. 223 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt of or relating to Northern hardwood lumber, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge or discount, premium or other privilege, or by tying-agreement or other trade understanding, or otherwise.

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) Unnecessarily routing lumber through a distribution yard;

(2) Unreasonably refusing to ship lumber on standard grades and in grade-rule range widths and lengths;

(3) Falsely or wrongly grading or invoicing lumber;

(4) Grading as a special grade lumber which normally is graded by the seller as a standard grade;

(5) Making charges for delivery which exceed the actual cost to the seller of such delivery (except as provided in 1382.166)

(c) It is unlawful for any person to charge, receive or pay a commission for the service of procuring (including buying, selling, or locating lumber, or for any related service such as "expediting") which does not involve actual physical handling of lumber, if the commission plus the purchase price results in a total payment by the buyer of lumber which is higher than the maximum price of the lumber. For purposes of this regulation, a commission is any compensation, however designated, which is paid for the procurement of lumber. This prohibition has no application to the case of a bona fide employer-employee relationship where the employee serves only one employer, insofar as lumber procurement is concerned, and where the compensation paid by the employer is a fixed salary and is not based directly or indirectly on the quantity, price or value of the lumber in connection with which the service is rendered.

[Paragraph (c) added by Supplementary Order 37, 8 F.R. 2192, effective 2-23-43 and amended by Supplementary Order, 77, 8 F.R. 14310, effective 10-20-43.]

[NOTE: Supplementary Order No. 31 (7 F.R. 9894; 8 F.R. 1312, 3702) provides that: "Notwithstanding the provisions of any price regulation, the tax on transportation of all property (excepting coal) imposed by section 620 of the Revenue Act of 1942 shall, for purposes of determining the applicable maximum price of any commodity or service, be treated as though it were an increase of 3%

in the amount charged by every person engaged in the business of transporting property for hire. It shall not be treated, under any provision of any price regulation or any interpretation thereof, as a tax for which a charge may be made in addition to the maximum price."]

§ 1382.155 *Records and reports.* (a) Every seller and purchaser subject to this Maximum Price Regulation No. 223 making sales or deliveries or purchases of Northern hardwood lumber to the value of \$500.00 or more in any one month, after September 23, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than two years a complete and accurate record of each sale or delivery or purchase of Northern hardwood lumber, showing the date of purchase or sale, the name and address of the buyer and seller, the quantities and grades purchased or sold, and the prices paid or received.

(b) Such persons shall keep such other records in addition to or in place of the records required in paragraph (a) of this section and shall submit such reports to the Office of Price Administration as that Office may from time to time require or permit.

§ 1382.156 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 223 are subject to the criminal penalties, civil enforcement actions, proceedings for suspension of licenses, and suits for treble damages provided for by the Emergency Price Control Act of 1942: *Provided*, That no War Procurement Agency, or any contracting or paying finance officer thereof, shall be subject to any liability, civil or criminal, imposed by this Maximum Price Regulation No. 223 or the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 223 or any price schedule, regulation or order issued by the Office of Price Administration or any acts or practices which constitute such a violation are urged to communicate with the nearest district, state, or regional office of the Office of Price Administration or its principal office in Washington, D. C.

[NOTE: Revised Supplementary Order No. 34 (8 F.R. 12404) permits, under certain conditions, the addition of extra packing expenses on sales to procurement agencies of the United States.]

§ 1382.157 *Licensing.* The provisions of Licensing Order No. 1, licensing all persons who make sales under price control, are applicable to all sellers subject to this regulation or schedule. A seller's license may be suspended for violations of the license or of one or more applicable price schedules or regulations. A person whose license is suspended may not, during the period of suspension,

make any sale for which his license has been suspended.

[§ 1382.157 amended by Supplementary Order 72, 8 F.R. 13244, effective 10-1-43.]

§ 1382.158 *Petitions for amendment or adjustment—(a) Government contracts or subcontracts.* See Procedural Regulation No. 6<sup>\*</sup> for adjustment provisions on certain government contracts or subcontracts.

[Paragraph (a) amended by Supplementary Order 83, 9 F.R. 973, effective 2-1-44.]

[NOTE: Supplementary Order No. 42 (8 F.R. 4968) provides that no price regulation of the OPA shall apply to sales or deliveries of any commodity or service made to Government agencies pursuant to secret contracts or subcontracts.]

(b) Any person seeking an amendment of any provision of this Maximum Price Regulation No. 223 may file a petition for amendment in accordance with the provisions of Revised Procedural Regulation No. 1 issued by the Office of Price Administration.

[Paragraph (b) added by Am. 1, 7 F.R. 8945, effective 11-4-42. Former (b) and (c) revoked by Am. 1.]

(c) In treating with petitions for amendment or adjustment, consideration will not be given to log and bolt costs which are higher than the applicable maximum purchase prices for logs and bolts established in Revised Maximum Price Regulation 161 (West Coast Logs)<sup>\*</sup> or Maximum Price Regulations 313 (Prime Grade Hardwood Logs)<sup>\*</sup> and 348 (Logs and Bolts)<sup>\*</sup> or any revision or amendment of these regulations. This rule shall be followed regardless of whether the petitioner gets logs and bolts<sup>\*</sup> by purchasing them, logging his own standing timber, contracting for the logging of his own standing timber, or any other means. All petitions in any way based on the cost of logs or bolts must show the actual cost to the petitioner of logs and bolts received at his plant during the three months immediately prior to filing the petition, and the cost which would have been incurred by the petitioner if all of these logs and bolts had been purchased by him at ceiling prices. To figure these ceiling prices the petitioner should refer to the regulation which fixes the maximum prices for purchases and sales of the kinds of logs and bolts received at his plant.

air-dried material in the same specifications.

This deduction shall not apply to special sawn timbers, tough ash lumber, or to lumber customarily used without air seasoning, but it shall apply to any lumber which requires further air seasoning by the purchaser before being placed in the kiln for kiln-drying, or before fabrication if not kiln-dried.

The mere fact that the lumber is not used immediately, but is stored on the purchaser's yard, does not necessarily mean that green lumber has been shipped, but in case of dispute any lumber which weighs 25 percent or more in excess of the air-dried weight as published in the Rules for the Measurement and Inspection of Hardwood Lumber, issued by the National Hardwood Lum-

ber Association, January 1, 1943, or for weights filed with the Office of Price Administration by the individual shippers, shall be considered to be "green."

Any purchaser who accepts "green" lumber at prices applicable to "dry" lumber is guilty of violation of the regulation to the same extent as the seller.

[Paragraph (c) amended by Am. 6, 8 F.R. 8945, effective 7-3-43 and Am. 10, 8 F.R. 17375, effective 1-3-44.]

(c) Additions. Additions to the maximum prices established in this section may be charged in accordance with provisions of paragraph (d) of § 1382.163, Appendix A.

§ 1382.165 Appendix C: Maximum prices for Northern hardwood lumber in "non-standard special" grades or items—(a) Application of Appendix C. (1) This section shall apply to Northern hardwood lumber which is sold on special specifications not covered by Appendix A or B, §§ 1382.163 or 1382.164.

(2) For purposes of this section the term "Northern hardwood lumber" shall include all items of lumber in the species set forth in paragraph (a) (3) (i) of § 1382.159, but shall not include the fol-

lowing items: (The term "items" includes specifications, workings, services and/or extras.)

- (i) Glued stock.
- (ii) Moulding.
- (iii) Shiplap.
- (iv) Risers, step treads, thresholds, handrails.
- (v) Bevel and drop siding.
- (vi) Flooring.
- (vii) Switch, cross, and mine ties.
- (viii) Mine material.
- (ix) Small dimension stock.
- (x) Lath.
- (xi) Navy oak ship stock (see Maximum Price Regulation No. 281)

[Item (xi) added by Am. 6, 8 F.R. 8945, effective 7-3-43.] □

(b) *Maximum prices for combination grades.* Where Northern hardwood lumber is sold on a Log Run, Mill Run, or No. 1 Common and Better grade for which no maximum price has been established in Appendix A, § 1382.163, the maximum price shall be the maximum price established in that section for the lowest grade of lumber contained in the stock that is sold on such special inspection grade. The seller, however, may grade and ship the lumber on the standard grades included in such special inspection grade and invoice the footage in each of the standard grades at a price not to exceed the maximum price established in this Maximum Price Regulation No. 223 for the respective standard grades.

(c) *Maximum prices for "non-standard special" grades and items other than combination grades.* (1) Northern hardwood lumber, sold on special grades or specifications or with special services or other extras not specifically mentioned in Appendix A or B, is nevertheless subject to this regulation. The maximum price is a price which bears the October 1941 relation to the most comparable standard item. The seller should find his price difference between the special item and this most comparable standard item in October 1941 or the first month before that in which he had sales of both items, or if this is impossible, the price differential he would have used. This difference is then added to or subtracted from the maximum price of the comparable standard grade and the result is the maximum price for the special grade. This price must be reported to the Office of Price Administration, Washington, D. C. on OPA Form 323:1, given in paragraph (3) below. It may be ordered reduced, if it is found excessive. But, if the price is not disapproved within 30 days of the receipt of the report, it is approved. Applications for approval of maximum prices for special grades and items under this section will be considered only when accompanied by (i) a true copy of the order or of customer's inquiry on the basis of which the application has been submitted; and (ii) a statement certified to be true by the purchaser or prospective purchaser to the effect that none of the grades specifically priced in the regulation will serve the purpose for which the stock is intended to be used, which purpose is to be stated; that it has been his custom to purchase lumber on such special speci-

cations. Approval of the price will be conditional on a finding that the purpose for which the special grade item is to be used is classified by the War Production Board as essential to the war effort. Prices, when approved, for such special grades or items will be based on the price differential previously established between the particular special item requirement and the related grade rule specification.

(2) A seller using this pricing section can go ahead with delivery of the lumber and collection of the price he has computed or requested. But, he must tell the buyer that the price is subject to revision within the thirty-day period, and, if the price is ordered reduced, must refund any excess over the final approved price.

(3) Copies of Form 323:1 can be obtained from the Office of Price Administration, or Form 323:1 can be reproduced by the seller, providing no change is made in style or content of the form.

(d) *Additions.* Additions to the maximum prices established in this section may be charged in accordance with the provisions of paragraph (d) of § 1332.163, Appendix A.

§ 1382.166 *Appendix D: Delivered prices and estimated average weights.* (a) Delivered prices in excess of the maximum f. o. b. mill prices established in this Maximum Price Regulation No. 223 may be charged, consisting of such maximum prices plus the transportation costs permitted by this section: *Provided*, That (1) the invoice shows the point of origin of the shipment, the destination, and the applicable railroad or truck rate, or in place of such rate, where shipment is by motor vehicle owned or controlled by the seller, the amount added for transportation; and (2) the invoice is marked "direct mill shipment"

(b) Where shipment is exclusively by motor vehicle owned or controlled by the seller, the charge may be no greater than the actual cost to the seller of delivery by motor vehicle; and in no event shall the charge exceed the railroad charge at the carload rate for the most nearly comparable haul. If the actual cost is less than such railroad charge, only the actual cost may be added to the maximum price.

(c) Where shipment is by common or contract carrier, the amount added for transportation may be no greater than the actual amount paid to the carrier, except as provided in paragraph (d) of this section: *Provided*, That where shipment is by both rail and truck (either owned or controlled by the seller or a common or contract carrier) the following shall govern:

(1) Where shipment is by rail followed by truck delivery, the amount added for transportation may include, in addition to the amount added for rail transportation, the actual cost of truck delivery, provided such cost is shown separately on the invoice.

(2) *Trucking to railhead.* When a truck haul precedes rail shipment, as when a mill located away from a railhead hauls lumber by truck to the railhead, no addition may be made for the truck haul. However, in the following two cases a mill may apply for special permission to make an addition:

(i) Where the mill was located away from rail connections because it specialized in water-borne lumber, and where shortage of shipping has forced it to operate by rail;

(ii) Where a mill's rail connection has been abandoned since September 5, 1941.

The application should be made by letter to the Lumber Branch of the Office of Price Administration, Washington, D. C. The addition may not be made on quotations or sales until permission has been received.

[Subparagraph (2) amended by Am. 9, 8 F.R. 15193, effective 11-8-43 and Am. 10, 8 F.R. 17375, effective 1-3-44.]

(d) In computing transportation costs, the following practices are permitted:

(1) The computation of transportation costs on the basis of the applicable freight rate and the appropriate estimated average weights set forth in paragraph (e) of this section.

(2) The charging of a sum equivalent to the one-quarter of a dollar nearest to the transportation costs per 1,000 feet of lumber, computed in accordance with subdivision (1) of this paragraph.

(e) (1) The estimated average weights for Northern hardwood lumber in a green or rough air dried condition, shall be as follows:

(3) The estimated average weights for Northern Hardwood Lumber in a kiln dried condition shall be the average weights established in subparagraphs (1) and (2) of this paragraph (e) decreased by the average difference in weight between air dried lumber and kiln dried lumber in the particular species and in the condition shipped. This average difference shall be calculated on the basis of the experience during the year 1941 of the mill which produced the lumber shipped.

<sup>1</sup> If the gizzard is not cleaned by removing the contents and lining, the base price shall not exceed  $\frac{1}{4}$  of the maximum base price for gizzards as established by this Temporary Table A-1.

2. Section 1429.19 (i) (3) (ii) is amended to read as follows:

(ii) The gizzard of each bird must be cleaned by removing the contents and lining. The cleaned gizzard, heart and liver must all either be inserted within the carcass of the bird from which taken or else all three items must be excluded from the carcass and sold separately at prices not in excess of those established under Temporary Table A-1 of this section for the corresponding portions.

Dressed poultry items not drawn as herein described shall be sold at prices not exceeding those established for the corresponding dressed poultry items, in Table A of this section.

3. Section 1429.19 (i) (4) (v) is amended to read as follows:

(v) The giblets of each bird must be removed and cleaned. 4. Section 1429.19 (i) (4) (x) is amended to read as follows:

(x) The prices established for "frozen eviscerated poultry" items in this section shall apply only when such "frozen eviscerated poultry" items completely meet the requirements listed in this definition. A discount of  $\frac{3}{4}$  cent per pound shall be deducted from the maximum base price for any "frozen eviscerated poultry" item which is not individually weighed, pack-

aged, and identified as provided for in subdivision (vii) of this definition, but which otherwise meets all the requirements of this definition, and is packaged in bulk for sale to institutional, industrial, commercial, or governmental users, or for sale to distributors selling to such users: *Provided*, That a statement is printed on or attached to the exterior of each bulk package certifying that the eviscerated poultry contained therein was eviscerated under federal inspection, and showing the identity of the eviscerator.

In no event may any processed poultry item be sold as "frozen eviscerated poultry" unless all the requirements established for "frozen eviscerated poultry" have been met. If some, but not all, of those requirements have been met, the processed bird, if drawn in accordance with all the requirements established for drawn poultry, shall be sold at a price not in excess of that established for corresponding drawn poultry items in Table A. If not drawn in accordance with all the requirements established for drawn poultry, then the dressed bird shall be sold at a price not in excess of that established for a corresponding dressed poultry item in Table A.

## AMENDMENTS TO REGULATIONS AND APPROVAL OF EQUIPMENT

By virtue of the authority vested in me by R.S. 4405, 4417a, 4426, 4481, 4482, 4488, 4491, as amended, 49 Stat. 1384, 1544, 54 Stat. 163-167 (46 U.S.C. 375, 391a, 404, 474, 475, 481, 489, 369, 367, 526-526t) and Executive Order 9083, dated February 28, 1942 (7 F.R. 1609) the following amendments to the regulations and approval of equipment are prescribed:

Subchapter O—Regulations Applicable to Certain Vessels and Shipping During Emergency

## PART 153—BOATS, RAFTS, AND LIFESAVING APPLIANCES; REGULATIONS DURING EMERGENCY

## ESCAPE PANELS

Section 153.21 is deleted and the following is substituted in its stead:

§ 153.21 Means of escape on vessels—

**(a) Means of escape on new vessels.** On mechanically propelled ocean and costwise passenger, cargo, and tank vessels, certificated for the first time after 1 October, 1944, the means of escape or emergency exits required by this section shall be provided.

**(b) Definitions.** Certain terms used in this section are defined as follows:

(1) A "crash panel" is a panel of frangible material or a panel of non-frangible material which, when installed in an opening in a door or other structure, may be readily removed by kicking out.

(2) An "escape panel" is a panel of metal or other non-frangible material hinged or otherwise secured over an opening by "dogs" or other means.

(3) An "escape hatch" is a covering over an opening in a deck or other structure, hinged or otherwise secured to such deck or structure.

**(c) Number and arrangement of means of escape or emergency exits for**

*new vessels.* Plans and specifications showing location, type and arrangement of means of escape or emergency exits shall be submitted to Headquarters for approval. Deviation from the requirements will be considered only when it is shown to the satisfaction of Headquarters that such deviation is unavoidable due to construction features. In all cases, when plans are submitted to and approved by Headquarters and the escapes are installed in accordance with the plans, the vessel shall be considered to be in complete compliance with the regulations. The means of escape or emergency exits shall be provided and arranged as follows:

(1) Each room occupied by one or more persons shall have at least two means of emergency exit and each passageway, compartment, public room, or space serving or containing more than two rooms shall have at least three means of emergency exit. Spaces used as storerooms are not required to be fitted with crash panels, escape panels, or escape hatches.

(2) Each public bath room, wash room, or toilet room, accommodating four (4) or more persons at one time shall have at least two means of emergency exit. The exits may be of any type specified in this section but where entrance doors are not fitted or where half doors are fitted to such bath rooms, wash rooms, or toilet rooms, no other means of escape shall be required.

(3) The exits for each space shall be located as remotely from each other as possible to reduce the likelihood of damage blocking all avenues of escape.

(4) In general, where there are four or more widely separated means of escape from a deckhouse, it will not be necessary to provide these doors with offset hinges or escape panels.

(5) In no case shall a main fire screen bulkhead be pierced to provide a secondary means of escape, nor shall any watertight bulkhead, watertight deck, or watertight door below the bulkhead deck be pierced for the installation of emergency escapes.

(6) Brigs or other spaces for the confinement of persons need be equipped with only one means of emergency exit which shall be a door of the type specified in paragraph (e) (2) of this section and which may be capable of being secured from the outside.

(7) On mechanically propelled vessels of over 1,000 gross tons it is also required that at least two wire or chain ladders (one on each side) leading directly to the highest part of the engine room casing shall be provided and arranged in a way most likely to allow the escape of engine room personnel in the event of damage to the fixed ladders and gratings. On steam vessels a similar ladder shall be provided in the fire room running through the ventilator if practicable. Such ladders are not to be hauled taut. They are to be lashed loosely at the floor plates.

**(d) Designs and arrangements for means of escape for new vessels.** The following requirements shall be followed

in the design and installation of means of escape or emergency exits:

(1) The crash panels, escape panels, and escape hatches shall be operable without the use of tools.

(2) All crash panels shall be designed and installed for ready removal from either side.

(3) Crash panels shall have the same fire-resistive qualities as the door or structure in which they are installed.

(4) The crash panels, escape panels, and escape hatches shall have a minimum clear opening of 18" x 18" or 18" diameter; however, where it can be shown that this size opening is unreasonable or impracticable, a minimum clear opening of 16" x 16" or 16" diameter may be allowed.

(5) Crash panels shall be of frangible material substantially secured to the door or other structure or shall be of non-frangible material and so installed that the fastenings will give way easily when kicked, allowing the panel to be removed whole. The escape openings shall be free from garment entangling projections. The crash panel shall be marked with a suitable permanent notice placed on the side from which it is to serve as an exit. A suggested marking is:

EMERGENCY  
CRASH PANEL  
KICK OUT

(6) All escape panels and escape hatches shall be arranged so that they may be operated from either side. They shall be clearly marked "emergency exit". A maul or a short length of pipe shall be available to free jammed "dogs" where doors and hatches are fitted with "dogs". Where escape panels and escape hatches are so located that there is a possibility of cargo, equipment, or stores interfering with their operation, special care shall be taken to guard against such interferences.

(e) *Acceptable means of escape or emergency exits for new vessels.* As one means of escape or emergency exit, each of the following will be considered satisfactory:

(1) A door having a crash panel or escape panel.

(2) A door without a crash panel or escape panel and with offset hinges so arranged that it fits against the face of the frame with a bearing surface of at least one-half inch, and no part of the door inside the frame.

(3) A crash panel or escape panel in a bulkhead.

(4) An entrance opening to a room to which no door is fitted.

(5) Escape hatch fitted in a deck. Necessary ladders, steps, or hand grabs to insure quick exit shall be fitted in order to reach the escape hatch.

(6) A porthole with a clear opening at least 16" in diameter or a window of at least 16" by 16" when located in a deckhouse and fitted where necessary with steps, hand grabs, or ladders. Portholes in the shell leading directly overboard shall not be considered as a means of escape.

(7) A skylight that may be easily opened at point of exit when fitted with a ladder to afford quick exit and the passage of a person through the skylight will not necessitate the removal or cutting of metal screens or blackout equipment. Skylights which are operated by remote control are not considered as satisfactory means of exit.

(f) *Means of escape on existing vessels.* On all mechanically propelled ocean and coastwise passenger, cargo and tank vessels which are certificated on or prior to 1 October, 1944, the number of means of emergency exits prescribed in this section shall be complied with, insofar as conditions permit. Such compliance shall be made at the time of annual inspection or at such other times as may be appropriate, so as to cause the least interference with the operation of the vessel. While it is not intended that vessels be delayed for non-compliance, it is expected that diligent efforts will be made to meet this requirement as rapidly as is possible.

(g) *Administration.* When the requirements concerning emergency escapes have been substantially complied with to the satisfaction of Headquarters or the District Coast Guard Officer of one district, subsequent changes or additions shall not be required by the District Coast Guard Officer of another district, without prior approval by Headquarters.

[Region IV Order G-3 Under MPR 280,  
Amdt. 1]

## FLUID MILK IN ATLANTA REGION

Amendment 1 to Order No. G-3 under Maximum Price Regulation No. 280 as amended. Maximum prices for specific food products. Maximum prices for interhandler sales of bulk fluid milk.

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region IV of the Office of Price Administration by § 1351.817a of Maximum Price Regulation 280 as amended, it is hereby ordered that a new paragraph (c-1) be added following paragraph (c) and that subparagraph (j) (6) be amended to read as set forth below:

(c-1) *Adjustment of fractions.* In calculating a maximum price and/or

transportation charges for sales and deliveries by handlers of fluid milk in bulk, all calculations shall be carried to the tenth of a cent.

(1) For sales and deliveries of fluid milk in bulk on an f. o. b. basis, final calculation of maximum prices shall be adjusted to the nearest  $\frac{1}{2}\text{¢}$  whenever the maximum price is calculated on a gallonage basis and to the nearest full cent when such calculation is on a cwt. basis.

(2) For sales and deliveries of fluid milk delivered by handlers to a place designated by the purchaser, calculations of the maximum prices for fluid milk in bulk and for "transportation charges" as determined in accordance with paragraph (c) shall each be carried to the tenth of a cent. The sum of these amounts shall be adjusted to the nearest  $\frac{1}{2}\text{¢}$  whenever the maximum price is calculated on a gallonage basis and to the nearest full cent when such calculation is on a cwt. basis.

In adjusting to the nearest  $\frac{1}{2}\text{¢}$ , fractions of  $\frac{1}{4}\text{¢}$  or more, and  $\frac{3}{4}\text{¢}$  or more shall be adjusted to the nearest higher half or whole cent, respectively, and in adjusting to the nearest whole cent, a fraction of  $\frac{1}{2}\text{¢}$  or more shall be carried to the next higher whole cent.

(j) \* \* \*

(6) "Handler's fluid milk cost." (i) "Fluid milk cost" of a primary handler who during July, August, and December, 1943, paid all producers on a basis of not less than \$2.75 per cwt. for milk of a 4 per cent butterfat content means the price paid to producers (or the returns made to producer members of a farmers' cooperative, excluding patronage dividends) determined as follows:

The weighted average producer price (or returns to producer members of a cooperative, excluding patronage dividends) paid for milk adjusted to 3.5 per cent butterfat content f. o. b. cooling station, receiving plant or processing plant of the primary handler of all milk regardless of type, grade, utilization, or class, purchased or received directly from producers (or members of a producers' cooperative association) during the months of July, August and December, 1943, or the lowest price paid to producers (or members of a cooperative) during the month of December, 1943 for any grade or type of milk at 3.5 per cent butterfat test, whichever is higher.

(ii) "Fluid milk cost" of a primary handler who during July, August and December, 1943 paid any producer less than \$2.75 per cwt. for milk of a 4 percent butterfat content means the price paid to producers (or the returns made to producer members of a farmers' cooperative, excluding patronage dividends) determined as follows: the weighted average of (1) the producer price (or returns to producer members of a cooperative, excluding patronage dividends) paid for milk adjusted to 3.5 per cent butterfat content f. o. b. cooling station, receiving plant or processing plant of the primary handler of all milk, regardless of type, grade,

utilization or class, purchased or received directly from producers (or members of a producers' cooperative association) during the months of July, August and December, 1943 for which the handler paid not less than \$2.75 per cwt. for milk of 4 per cent butterfat content and (2) the actual producer price paid for all milk regardless of type, grade, utilization or class purchased or received directly from producers (or members of a producers' cooperative association) at any time at a price which reflects less than \$2.75 per cwt. for milk of a 4 per cent butterfat content, or the lowest price paid to producers (or members of a cooperative) during the month of December, 1943 for any grade or type of milk at 3.5 per cent butterfat test, whichever is higher.

(iii) "Fluid milk cost" of an intermediate handler means the cost of milk to him f. o. b. his cooling station, receiving plant, or processing plant. This cost must be computed for that portion of milk actually purchased from a primary handler regardless of sale or distribution by the intermediate handler.

This order shall become effective May 9, 1944.
